## Georgia Right to Life PAC Principles

WHEREAS, the 14<sup>th</sup> Amendment of the U.S. Constitution states, “nor shall any state deprive any person of life, liberty or property, without due process of law, nor deny to any person within its jurisdiction the equal protection of the law,” Georgia Right to Life PAC affirms the principle that the right to life is the bedrock upon which all other Constitutional rights are derived.

IN ADDITION, we believe, in the face of compelling biological evidence, that a continuum of human life and personhood begins at the moment of fertilization and ends at natural death, the ethical treatment of human embryos must include their “best interests,”

THEREFORE, as a candidate for public office, I affirm my support for a Human Life Amendment to the United States Constitution and other actions that would support these principals. This would assure that regardless of race, age, degree of disability, manner of conception or circumstances surrounding a terminal illness, that the civil rights of the pre-born at an embryonic or fetal level, the elderly and those with mental or physical infirmities are protected by law and are violated when we allow destructive embryonic stem cell research, therapeutic or reproductive cloning, animal human hybrids, abortion (in the rare case that the mother's life is indeed endangered by a continuation of the pregnancy, sound medical practice would dictate that every effort be made to save both lives), infanticide, euthanasia or assisted suicide.

The GRTL PAC will regard signing or supporting legislation opposing these principles and positions an act in direct opposition to the Affirmation you signed. This action will result in immediate removal of your GRTL PAC endorsement and will be reported in subsequent communications from Georgia Right to Life to the grassroots activists in our state.

## Personhood Affirmation

As a candidate for President of the United States I agree to uphold these principles and positions.
