GUILLEN HOSTS ANOTHER SUCCESSFUL COMMUNITY SUMMIT AND VIRTUAL TOWN HALL

AUSTIN - This past week State Representative Ryan Guillen (D- Rural South Texas) hosted another Community Summit and Virtual Town Hall providing great insight on community affairs, and government resources.

"Our Virtual Town Hall and Community Summit are designed to keep folks up to speed on the happenings of South Texas, while also allowing them the opportunity to ask questions" said Guillen. **"Through Virtual Town Hall and Community Summit, South Texans can easily retrieve information on key issues, and learn about a variety of available grant opportunities."**

The Community Summit is aimed at facilitating informative presentations on hot ticket items. This year a myriad of topics were discussed from Property Tax Reform to Medicaid Therapy Rate Cuts. The Virtual Town Hall event engaged in a conversation with constituents about current events and topical issues debated throughout the state.

Residents can continue to comment and voice their opinions on the Community Summit and Virtual Town Hall page. Visit <http://www.ryanguillen.com/participate-1> and scroll down to find the Community Summit and Virtual Town Hall pages. Click on the links to find the information and comment section.
