Monarch Bullion presents the most advanced solution for trading physical precious metal

Buying and Selling Allocated Physical Bullion:

You can now invest in allocated physical gold, silver and platinum wherever you are using an online platform in the same way that you would trade stocks, forex or futures.

Multiple organisations (liquidity providers and market makers) located around the world provide live pricing 23 hours a day, 5 days a week. Through the MetalDesk online trading platform you have access to this unique allocated physical precious metal exchange, which gives you the ability to tap into and enjoy the exchange's higher liquidity and tighter spreads; key considerations of any trader or investor.

Allocated Precious Metal Holdings:

All bullion traded on the exchange is done so on an "allocated" basis. This means that legal title remains with you, the client, at all times and that your ownership and legal title to the bullion would survive any insolvency scenario. Any creditors of the exchange would have no claim to your gold being held in the vaults; translating to physical investments that literally and physically belong to you.

Investment Security:

Triple-layered security features include the use of leading third-party vaulting providers: Malca-Amit, Loomis and Armaguard, and auditing and inspection specialists: BDO & Inspectorate.

Vault & Delivery Locations

Service Providers

METALDESK 2

The custom-built trading platform, MetalDesk™, has been specifically designed to make physical bullion trading simple, secure and efficient.

Trade physical gold and silver *anywhere* with MetalDesk.

FEATURES

Online Trading Platform: MetalDesk allows you to monitor live market prices and enables instant order execution and trade settlement.

Full market depth: shows all the price levels available in the market for each precious metal product traded, giving an indication of total market demand and supply.

Customisable watchlist: organise and focus your precious metal trading by creating watchlists to keep a close eye on the products that you are most interested in.

Comprehensive trade management tools: through MetalDesk you are able to manage and view your cash and bullion holdings, access a full range of financial and trade reports, and obtain personalised support for any question that you may have.

Holdings management: allows you to monitor and manage your bullion inventory.

Full account activity reporting: 24 hour access to live and historic account activity.
