CLEVER CHOICE

we've got the best floors for you

G R E A T   F L O O R S   |   S T R O N G   F E E L I N G S

Why choose a German laminate over the others?

Clever Choice Design Floors understands the importance of making the best floor covering decision, and has partnered with one of the world’s leading engineered floor covering designers and manufacturers, to exclusively supply a range of superior quality, German made, laminate flooring. Sensa Lamiates are an easy flooring choice, offering great value and styling

Quality assurance

Award winning Sensa laminate flooring is designed and made in Germany with precision engineering and the highest standards of quality control through out the manufacturing process to meet European standards EN14041:2004 / AC2006.

Environmentally sensitive - FSC Certified - PEFC Certified Forest

Sensa laminate flooring is produced in the heart of German forests in balance with respectful forest management and maintains both FSC and PEFC certifications. Independent tests confirm that Sensa laminate flooring meets the Class E1 emission standard and complies with the CARB Phase 2 emission requirements.

Mendocino

Easy installation and Maintenance

Installation is fast and efficient with the patented Sensaloc locking system. Maintenance and cleaning is minimal due to protective finishes and abrasion resistant wear layers. The uniquely formulated Isowaxx profile coating offers tight sealing and moisture resistance between boards.

Function and Style - Embossed In Register (EIR)

The only difficult choice is... which style and colour? Sensa Laminates are available in a variety of styles, colours and sizes to enhance any decor and lifestyle. Styles with EIR are an ideal choice for those who want their floor to look as close to real wood as possible. This specialised process matches the surface texture to the underlying timber grain of the laminate print creating a realistic timber look and feel.
