

Spa Rules & Information

- After the spa is serviced, wait 30 minutes before entering the spa.
- Always Shower off before entering the spa.
- Do not use any lotions, body oils or scented additives on your body or in the spa.
- Children must be supervised by an adult at all times.
- Hot tub should not be used by anyone with medical condition that might be adversely affected by the heat (e.g. pregnancy).
- Observe all precautions regarding use of drugs or alcohol.
- Do not use spa if over 105 degrees. Let it cool down.
- If you change the temperature of the spa, please return it to the original temperature setting before you depart.
- When not in use please put cover back on spa to prevent debris from entering it.
- Absolutely no pets are allowed in the spa at anytime.
- In using the spa all guests will not hold the owners or Service Personnel responsible for any accidents or medical conditions that may occur from using.
- Never turn off the spa. This will not allow it to clean itself and you may be subject to paying for a drain & clean service.
- Make sure to put the cover back on Spa each time you are done using it!
- Do not sit or place heavy objects on spa cover, ie: pets, etc. \$\$\$\$
- You may turn the heater up or down as desired but please return to 102 degrees when vacating.

If you do not follow the above rules and/or leave the spa excessively dirty, YOU WILL BE CHARGED \$125.00 for a drain & clean service.
