IFS Insurance Solutions works with industry and not-for-profit Super Funds to provide trusted and independent advice on a range of relevant insurance matters.

Get the insurance coverage that's right for your Super Fund.

Negotiating and sourcing insurance directly with an insurer usually means that your Super Fund gets the insurance cover that the insurer has to offer – not necessarily the insurance that your Fund needs.

As a leading insurance broking and consulting firm, IFS Insurance Solutions works for your Super Fund. Our strong client advocacy focus and independence allows us to work with each of our client Funds to identify their insurance needs before determining the best possible strategy and solutions in the market for them.

We've got you covered

We can help your Super Fund and your members to get the right insurance cover and service.

Here's some of the ways we can help:

- › Risk assessment advice
- › Group Risk insurance consulting advice
- › Tender management services
- › Trustees' Liability insurance
- › Commercial insurance
- › Property insurance
- › Professional indemnity
- › Directors' and Officers' Liability insurance
- › Affinity programs for members
- › Due diligence

The buying power to get you the best deal

When your Super Fund is trying to get market-leading insurance arrangements for your members, it makes a big difference to have the buying power that will leverage the best possible deal.

IFS Insurance Solutions gives you that power, because we already deliver insurance services for industry and not-for-profit Super Funds covering millions of members. So when we go in to negotiate insurance deals on your behalf, we do it with a strength that gets results.

We understand Super Funds

“ Managing a Super Fund has risks, even if you have an experienced and prudent trustee board and management team.

Funds are exposed to risks that can disadvantage your members, be financially costly, and result in a financial loss for the Fund or the members.

We can help your Fund manage these risks.”

Protecting your board

We help mitigate many of the risks and exposures faced by Super Funds.

Trustees Liability insurance protects the Fund against allegations of negligent advice relating to products and services to members, claims resulting from management and board actions and decisions, and provides cover for defence costs to defend these matters.

Does your Fund have ...

- › Market-leading insurance arrangements for members?
- › Strategies in place to meet the ongoing requirements of Prudential Standard SPS250 and other key obligations?
- › Adequate protection for Trustee directors?
- › Best-available commercial insurance?
- › Access to the right insurance advice and solutions?
- › Insurance programs to benefit your Members?
