# “Messages from the Hollow Earth”

by Dianne Robbins

## *Introduction by Dianne:*

Not just our Earth, but all planets are hollow! Planets are formed by hot gases thrown from a sun into an orbit, and the shell of planets is created by gravity and centrifugal forces and the POLES REMAIN OPEN and lead to a hollow interior. This process forms a hollow sphere with an Inner Sun, smoky in color, which gives off soft and pleasant full spectrum sunlight, making the inside surface highly conducive to growth of vegetation and Human life, with only a long-long day and no nights.

The HOLLOW EARTH BEINGS are very spiritually evolved and technologically advanced, and live inside the interior core of our Hollow Earth. These advanced civilizations live in peace and brotherhood in the Center of our Earth, which contains an Inner Central Sun, with oceans and mountains still in their pristine state.

The Hollow Earth cavity is still in its pristine state because they don't walk or build upon their land. There are no buildings, shopping malls or highways. They travel in electromagnetic vehicles that levitate a few inches above ground. They walk along streams, rivers, and oceans and climb mountains - but that's the extent of their foot contact with the ground. They leave the rest of their land to nature, because it's nature's land too.

The governing city within the Hollow Earth is called Shamballa. It is located inside the very center of the planet, and can be accessed through the holes at either the North or South poles. The Northern and Southern Lights that we see in our skies are actually reflections from our Hollow Earth's Inner Central Sun, which emanates from her hollow core.

They use free energy to light up their cities, homes, and tunnels. They use crystals, coupled with electromagnetism, which generates a small sun with full-spectrum lighting that lasts for half a million years, and gives them all the power they need.

The Earth's crust is approximately 800 miles from the outer to the inner surface. Because our Earth is hollow, and not a solid sphere, the center of gravity is not in the center of the Earth, but in the center of its crust, which is 400 miles below the surface. The force of gravity in the Inner Earth is half that of the outer surface, which may be one explanation for the greater height of the people, plants and the trees; some of their Redwoods reach over a thousand feet in height.

The source of Earth's magnetic field has been a mystery. The Inner Sun at the center of Earth is the mysterious power source behind the Earth's magnetic field.

There are entry caverns all over the Earth, where interactions can take place. Only some are currently open. Nikola Tesla, the genius inventor of electrical technology, is now living inside the Hollow Earth. He began to receive information in the latter part of the 1800's and discovered that: "electric power is everywhere present in unlimited quantities and can drive the world's machinery without the need of coal, oil, gas or any other of the

common fuels”. In the 1930's the tunnel entrances and passageways were closed off by the Hollow Earth civilizations because “corporations” at that time were misusing Tesla's technology to gain entrance into the Inner Earth. The Hollow Earth's two main Portals are at the Holes at the Poles, which were closed off in the year 2000 because our governments were setting detonations at the Poles to blow open entrances into their world. They have installed a magnetic force field around Earth's polar openings to further camouflage the entrances. This way, the openings are protected from air and land sightings. In the past there were entrances to the Library of Porthologos on the surface. One such entrance was the Library of Alexandria, which was destroyed by fire in A.D. 642.

There is more landmass inside (3/4 land and 1/4 water) and the land is more condensed than ours. Everything in the Hollow Earth is very carefully maintained to balance the ecological system of all life forms that reside there.

There are several million Catharians/Agharthians currently residing in the Hollow Earth. There are Catharians who have incarnated as Humans on the surface. There are also Catharians that live on the planet Jupiter. The average Catharian is 15 feet tall, rising to 23 feet for certain of the Masters. There are also 36,000 Humans from our outer surface who now live inside the Earth. Over the last 200 years approximately 50 surface Humans went inside to live; however, during the last 20 years only 8 have gone inside to live there.
