

**Earth is Ascending to become the 33rd Member of the Intergalactic Confederation of Worlds – Visit these other Members in your meditations and remember, remember, remember.....**

Earth is ending its 4th Age. We are in the process of dissolution as we enter No Time. In the past few years there have been much cleansing as essentially all of Earths' programming falls away to prepare for the new. Predictions of catastrophic changes are at once potentials that will not come to pass as well as in process. (Earthquakes happen everyday, wildfires, Tsunamis, Nuclear Meltdown) The good news is Earth Ascension is right on track and we are entering an Age of Bliss. Our biggest challenge now is increasing awareness of our Galactic Origin and raising awareness for an end to all nuclear arms. There are two pictures of Earth to the left ~ one was taken by NOAA~they captured a GIANT MotherShip in the picture flying over the Pacific Ocean~See? The second picture of Earth was taken in 1967 by NASA. It is a picture of Earths' Pole showing the Inner Earth Portal to a Hollow Earth. The tick marks on the film show the distance to be thousands of miles across at the opening. Inside there are lands and we have films of these places. Admiral Byrd and the US Navy planes landed at Inner Earth and filmed the whole thing. Congress buried the films from the public. They are on Youtube now. Hitler's Nazis had landed there more than a decade before. They too have films of the land and the Beings who live there.

## **Nibiru**

Marduk: another name for Nibiru, the hidden planet of our solar system according to ancient Sumerian records, that passes through every 3600 years.

Nibiru is a Planet and a StarShip. It holds a million people crew.

Nibiru has 12 levels. Contained inside you will find areas with mountains and forests, its own world. Nibiru is where we all originated from. Mother Sekhmet's home planet is Nibiru. Today a large crew lives on Ship working with Mother Sekhmet and Alcyone and the Galactic Federation.

The extraterrestrial inhabitants of Nibiru are of many different races and we have seen examples of this during the Golden Age of Egypt. There are the lion people, the reptilian people and the bird people, to name a few. The Annunaki came from Nibiru, and not ALL of the Annunaki fell from Grace.

When we first came to Earth it was a pristine diverse peaceful place. The trees, flowers, minerals, crystals, seas, clouds and magical kingdom worked together with humanity from the higher realms in unity with each other. During a subsequent Creation of Earth, some of the Celestials decided to branch off and have their own rules, falling into greater density and playing with good and evil of duality. There became a rivalry between the Fallen Angels, the Elohim, and the Angels who never fell, the Elohi. Both groups played with duality, violating Universal Law on every level.

Now come in the stories of the Orion Wars and the Nuclear Devastation at Atlantis which destroyed the Planet Maldek and tore the surface off Mars. These wars continue today. Time traveling Intergalactic War Criminals returned to Earth from the future, trying to control the resources and StarGates. The Earth StarGates transport you from a spot on Earth instantly to other Planets and the Fallen Angels wished to control these thoroughfares.

Now, at the end of this yuga, Kali/Durga Mother Sekhmet has brought Nibiru back into Earths Orbit to return and round up all of her wayward children. She will have the final say in who leaves this timeline, to return to new creation, and who continues on New Earth, aka The New Reality aka Terra Nova.

To connect with the Divine Energies of Nibiru is like connecting with Creation Source energies. You will experience the healing, compassionate, affectionate connection to your mother. Mother Sekhmet holds within her being the Trinity with Father Ra and Son/Sun Alcyone. You will feel the essence of creation itself. This is a gift of removing all that no longer works in your life and returning to the Force within.

These factions went to war and destroyed much of the society. Many of the beings from Lyra left in their starships to colonize the Pleiades, the Hyades, and the Vega system. You will feel shaking inside your body. This will significantly increase your light quotient. It is one of the closest experiences to being on the Sun. Still, it is an Energy of Pure Light which will flood your entire Being and enhance everything you do.

## **Galactic Center**

On one side of Galactic Center in the matter Universe of Nebadon is a massive dark Black Hole. On the other side of Galactic Center in the anti-matter Universe of On which is a light Universe and everything there is opalescent White. There is an identical Earth there, in the light Universe. Einstein's theory of general relativity says black holes should form whenever matter is squeezed into a small enough space. This is exactly what happens when two Universes intersect. Scientists are now beginning to reluctantly agree, the dark vacuum void could be a wormhole connecting Universes. Of course they have known this a long time and the dark Ones kept the information hidden.

This is the Void on the Deep of the Bible. "Now the earth was formless and empty, darkness was over the surface of the deep, and the Spirit of God was hovering over the waters." The waters is the StarGate between Universes and the formless Earth is the pristine Light Earth in the anti-matter Universe, which has no form. "And God said, "Let there be light," and there was light." The Collective Consciousness of the Godhead spoke the words of Creation, the key codes and fire letters, making form. "God saw that the light was good, and he separated the light from the darkness." (at Galactic Center 26 degrees Sagittarius, the Scorpi Black Hole~Mother Sekhmet's yanni) And God said, "Let the water under the sky be gathered to one place, and let dry ground appear." And it was so.

On the third creation this Earth formed in the matter Universe and it was good. To connect with the Divine Energies of Galactic Center is to go back to your own creation with your Twin Flame

and remember when you originally came here from the Realm of Light as an Elohi Angel. This is a most sacred experience connecting to Divine Feminine and Divine Masculine, Source itself. This is an integrative experience which will greatly grow your light quotient and open you up for greater experiences.

To connect to the Divine Energies of Ceres is to remember ancient wisdom and our history in the ancient world. This helps integrate higher energies which help you remember and connect with the other parts of your multidimensional self. The Alpha Centaurians are very theoretical, and intend to help increase humanity's scientific, technical, and theoretical knowledge, and to find ways to make this knowledge understandable.

At Alpha Centauri you see white luminous saw-toothed floating white mountains before which a grand opalescent white twinkling city lies. As you are invited to the Gates of the City by Pegasus and Centaurs, beckoning you in, you are taken by the strong feelings of love. When you enter the city you see there are bird people here, ibis-headed bird people, hawk-headed bird people and plume-headed bird people. They wear no tops, only a sarong of sorts, men and woman. Also, you are struck by how beautiful they are, they seem as gods because they are friendly and beautiful and emit love just walking by. Here is a evolved society. This is Soltecs home, Commander of the Phoenix MotherShip, head of communications on our Solar System.

When you attend a meeting here you will see visitors of all ethnicity and species. You will see fluffy tribbles floating around asking you if you need anything or want a drink.
