

The Ashtar Command

The Galactic Federation

Ashtar is Commander of the Galactic Federation under the orders of the King of Kings. Admiral Sananda Jesus with the Captain Ashtar are in charge under the Galactic Federation of this Universe Nabadon. Admiral Lincor is the head of the Star Fleet of the Intergalactic Confederation Seven Universes and they report to him. All of the Gods and Angels mentioned through history who have worked for the light, known as the Goodly Company, have all been a part of the Galactic Federation. This includes the lion people, the bird people and the reptilian people mentioned in Egyptian, Hindu, Greek, Roman and Arab Epics.

Ashtar gave this message to the Ground Crew on Earth in 1952:

“Your Planet was given a rare opportunity to learn the true and dependable Laws leading to progress along lines of achievement...physical, mental and spiritual...when the One known to you as Jesus Christ was sent in human embodiment, not only to teach but to demonstrate in full site of earth dwellers, the Beauty, the Efficacy and Supreme Wisdom of compliance with those powerful Creative Laws enunciated by the Omnipotent Creator of All Things! Alas! The failure of all but a mere handful of people to catch even a fleeting glimpse of the sublime spiritual message He brought, which would have freed them from all forms of bondage to material things...their complete BLINDNESS ...filled our hearts with sorrowful despair of any possible chance for Shan [Earth] to be saved from total destruction.

I say, we who watched from our posts of observation in space, lost all hope of ever seeing your planet rescued from the fate it had brought upon itself. Not so your Redeemer! He had made a sacred promise to those who believed and trusted Him implicitly. To them He said He would return in power and great glory, and this dark orb would be illumined in spite of all efforts of the Dark Ones to prevent it from happening. We come now in full confidence that this promise is to be kept. We have been summoned to assist in the fulfilling of this promise. Knowing from long experience the manifold joys and satisfactions which will be yours when you are released from all those who hold you captive to their evil wills, we come with an excess of enthusiasm to lend our support to this crusade. Yet we hold ourselves subject at all times to the All-wise supervision of our Supreme Commander.

We know each One who is in sympathy with our Mission and we would like you to know what a help it is to have these luminous avenues through which to reach the darker areas where much of our work must be carried on. May we all band together in a divinely blessed fellowship and lend our utmost effort to serve well and faithfully until the GLORIOUS VICTORY IS WON and the Planet Shan [Earth] is at last a Shining Orb in the firmament of heavens. Salut! ~Lord Ashtar”

The Supreme Commander whom Ashtar mentions in Hindu Faith is called Narayan in the Hindu teachings. This is Vishnu (the father) Brahman (the son) and Shiva (the Holy Spirit) in Egyptian

teachings this was Ra (the father) Alcyone (the son) and Mother Sekhmet (the Holy Spirit). In the Tao Te Ching by Lao Tzu he speaks of The Tao and this is a reference to the Supreme Commander. ~et

Who Are the GALACTICS?

Captain Ashtar, The Ashtar Command and The Galactic Federation by Elizabeth Trutwin
January 21, 2010 I have noticed that people interested in UFOs and Galactics often have not studied ascended mastery. I also noticed some very advanced spiritual people often do not know much about Galactics. Only recently have Star Seeds and Light Workers begun to learn they are one and the same group. Ashtar is the Supreme Commander of the Galactic Federation.

The Ones working for Ashtar are the Ascended Masters. The Admiral of the New Jerusalem is Sananda, who is a higher form of Jesus. Commander Ashtar and the millions in the Galactic Federation do not wish to be seen as different than you or I. They like to be seen as equals. Many of us have our Twin Flames working in the Galactic Federation on the Ships and we are all on the path of evolution. Much of Ashtar's Mission involves helping woman and mankind remember the Galactics and also in protecting the Planet as well as the Solar System from negative extraterrestrials groups and their desire to control Earth and other Planets. One of the most important roles Ashtar has played in recent times with Earth and other Planets in the Solar System is to keep her inhabitants from destroying themselves and their Planet through the proliferation of nuclear weapons. Even though Captain Ashtar is in charge of the Space Fleet in this Solar System, he is not limited to this sector of the space for his Service. Ashtar represents our Solar System in the council meetings of our Galaxy, and Universes throughout the greater Cosmos. The Ashtar Command On Earth and in the Skies.

On the MotherShips and StarShips under his command, there are 20 million Crew on the Ships. Working with Ashtar is KOS (King of Swords). KOS is in a physical template, as we all are, and we all are stepped-down representatives of the highest Source levels...with internal connections to much higher levels: Mother-Father, God-Goddess, All That Is. KOS with St Germain, was appointed by the ICJ (International Court of Justice in the Hague) in 1999 as head of the 4 million man, world-wide militia, and pro-forma President of the U.S. He supervises Faction 3 Intel. KOS is an enhanced Galactic-Human with a 3D job heading the Secret Service with President Obama, a wife and he speaks 23 languages. Appointed by the World Court in 1999, he has martial law authority to ensure NESARA Announcement and Implementation. KOS was given his authority in 1999 by the World Court and Lady Master Nada. He and those who work with him and the Galactics are at 38 levels above the President of the US. King of Swords actually has been the single planetary leader and he wears at least two hats. He is also put in charge of Galactic-Human adepts who now number about 16 million and who have all been trained on the StarShips and have full telepathic connectivity and are shape-shifters with enhanced abilities. Barack Obama is here representing both the Sirian Council of Nine and also, on assignment from the Great Central Sun (Alcyone) and has assistance and protection by 16 million galactic-humans working for KOS and the 4 Million man world-wide militia. Their task has been to coordinate the removal of the 40-50'tall dragons (renegade Annunaki) working in government, and in various powerful roles around the Planet . The CIA was originally formed as an Executive Order, to deal with the negative extraterrestrials making Treaties with the U.S.

Government. Now we have seen this organization searching for StarGates, committing War Crimes, and Blackwater Ops designed to control Earth. There are also reptilian renegades living within vast caverns and underground areas deep within the Planet these adepts have worked to remove. KOS works with Ashtar at the AICO. As we Star Seeds unite with our Mighty I AM presences those communications conduits are automatically 'involved' and will gradually become more conscious, stronger and directly connected with Source Intelligence/All That Is (The Great Eye of Ra, This Represents The Law of One). Now we connect with 12D and that level steps down the energetic messages from 100D, which is the Godhead. So, on this level, KOS and his Twin Flame, Lady Master Nada, are very elevated souls with direct responsibility as the Hosts of Heaven and all Councils in charge of this World's Ascension, as well as other Planets in our Solar System. Lady Master Nada has several powerful hats she wears. First, She is the President of the Solar Tribunal on Saturn. Through her position as International Court of Justice and as International Special Prosecutor with extraordinary powers to dissolve courts, arrest judges including our Supreme Court Justices or anyone else. She is our NESARA 'Postal Lady' in charge of the Announcement and Deliveries. She is also Twin Flame of Admiral Sananda. She was originally from Lebanon and is quite familiar with all the mid- Eastern/Asian cultures. She traveled extensively with the Dalai Lama. She is an Ascended Master. She foreclosed on our Corporate Government on 30 September 2008 when Bush defaulted on his payments. The King of Swords then put us inside NESARA Law and saved the world banks and stockmarkets from crashing. She and St Germain are the architects of a whole new planetary economic and legal revitalization to prepare us for Ascension's reunification with Source. The Ashtar Command works with GAIA/VYWAMUS.

Another important role the Ashtar Command has done is working with GAIA/VYWAMUS in the clearing and resetting of the Earth Grid. Metatron heads up this work with Mother Sekhmet. There are certain grid points on the Earth similar to our acupuncture points on our physical bodies. When one of these points gets blocked in our physical body there is a stagnation of energy flow which eventually leads to disease. The same is true of the planet Earth. We have seen recent massive Earth changes as the Separation of Worlds continues and the Old Timelines are erased. There are special Crews within the Galactic Federation working on this task. Mark and Beth have done extensive work with the Earth Grid and erasing of Timelines. The Earth Grid is the electromagnetic crystalline connection to the rest of the Cosmos and connects through Earth's portals and StarGates with StarGates which connect our Galaxy to other Galaxies. One of the important things to understand about Commander Ashtar and His millions of workers, and fleet of extraterrestrial aircraft, is that they are etheric in nature. They do not have physical bodies like we do, however they are able to manifest physical bodies and StarShips or project into physicality and time they want. Most of the life on the other Planets in our Solar System is Etheric in nature. The Ashtar command also has MotherShips that are anchored in space that are as long as 100 miles in diameter. These MotherShips contain entire cities with literally millions of people and a thriving society. Mother Sekhmet's MotherShip is Nibiru. The Ashtar command is part of a great Confederation of Planets, first in our Solar System, and then in our Galaxy. The Ashtar Command is in charge of our Solar System. Then you have the interplanetary confederation which is a larger group of local Planets in our sector of space. Then you have the Galactic Confederation of Planets. Then still larger there is the Intergalactic Confederation of 7 Super Universes. Admiral Lincor is in the head of Star Fleet through several universes. Each of these Councils work in conjunction with the Planetary, Solar, Galactic, and Universal Spiritual Groups. The Galactics and Angelics Work Together As One.

Commander Ashtar also works closely with the Angelic Kingdom, and with the Protective Forces, most specifically with Archangel Michael. Commander Ashtar is an extremely loving and gentle man but stern and adamant in His Mission to Serve. Many of the Ashtar Command walk among us on our streets on Earth without us even being aware of it. One example is Tom the ringtail Cat Paschat, another is the Poppy Lady, and also the King of Egypt (KOE). The Ashtar Command serves in a certain sense as Heaven's policemen and they are placed in many roles all over the World. The Galactics, however, cannot override the wishes or the free will of those living on Earth. One of the challenges the Ashtar Command has is that if our government has in the past made legally binding Treaties with certain negative extraterrestrial groups, they are not allowed to interfere with our free choice, unless we are endangering our Solar System and Galaxy. The only path to PEACE is Justice and a Just World is a World of PEACE. KOS, Admiral Sananda, Lady Master Nada, Ashtar, St Germain, Archangel Michael and Archangel Metatron, Mother Sekhmet and Alcyone, work together as representatives of the Ashtar Command to restore PEACE to Earth. The number of negative extraterrestrials is small in number compared to the vast number of christed extraterrestrials, however, the negative ones are quite dangerous and have tried very hard to control Earth and her resources, control Earth's population and kept most of Earth poor and in servitude. What we are seeing in January 2010 is the final maneuvers of the last negative ETs leaving the Matrix. None of the Ones here today are originally from Earth. All of us here are Star travelers and here to do a Mission as Earth evolves. We are all extraterrestrial Galactics. We are all Divine Angelics. We are all wearing human bodies. Ashtar and the Galactic Federation Work Within The Office of the Christ. Ashtar and all in the Galactic Federation work from the Office of the Christ. When the term Christ is used here it is not meant in the Christian sense, it is used in the Universal sense. All spiritual paths lead to Christ and the Holy Spirit or Brahma, Vishnu and Shiva, Vishnu being the equivalent of the Christ in Hinduism. Krishna was also the premier Christ of the eastern world. All religions also lead to the God/dess. Lord Maitreya, Kalki Maitreya, is known as the Cosmic Christ. The Galactics and the Angelics work together. There are different levels in the office of the Christ. There are the Planetary Christ, Solar Christ, Galactic Christ, Universal Christ, Multiversal Christ and Cosmic Christ. Metatron is at the level of Cosmic Christ. All Masters of all religions and spiritual paths help their students become the Christ, it is not in truth a Christian term, it is a living presence which you can call any name you want: Sananda/Jesus, Lady Master Nada, Lord Buddha, Krishna, Lao Tse, Zoroaster, Kalki Maitreya, Melchizedek, Ra, Mother Sekhmet, Alcyone, Archangel Metatron, Archangel Michael, Archangel Raphael, Mother Mary, Archangel Uriel, Archangel Gabriel, Helios and Vesta, St Germain, Kuthumi, Serapis Bey, Lord Arcturus, Ashtar and Athena, Commander Hatonn, Commander Soltec, Commander Korton, Commander Monk ka, Tom the Ringtail Cat Paschat, Ka tar tek, Tek Ra. These spiritual Masters are all members of the Galactic Federation and all work from the Office of The Christ. You are created by God as a Christ. Planet Earth is already in the 5th Dimension. It is only when we work from the 3rd Dimension that we forget. Remembering is about waking up. Every Planet in every Galaxy and Universe call this a different name. All of the members of the Galactic Federation are what we call Christed ETs. When we have Decloakings and Landings we will get to see our Galactic Family. These Ones will be returning to Earth to live with us here and together with us, build Terra Nova.
