

Greetings! This is Lord Sananda reporting from the 'New Jerusalem' through Elizabeth Trutwin,

August 23, 2014.

The essence of all Truth transcends all traditions of Religion and Spirituality. The pure Truths have not been seen enforced on Earth since it fell from the 100th Dimension. The **Grand Experiment of Earth** has come to an end, That cycle of time is over.

In order to end this cycle, certain very specific changes must take place. In the energies which continue to increase coming through the Central Sun from Source, and on to Earth, have been upgrading your DNA and your Intelligence. The DNA is a conduit for information from that ineffable, unchangeable, indestructible part of you. The DNA is a conduit for information from your Spirit Body. There is a Sound vibration and Light vibration, streaming down from Source and you are able to handle higher and higher vibrations, as your Physical body is prepared by these continuous transmissions. The Sound and Light frequency upgrades, make it possible to absorb and integrate new information, because it effects your intellect. It effects your mind. Every cell holds DNA, not the least of which is in the Heart and the Mind.

This is the process, through which the New Heavens, and the New Earth, are being built by us, as a Collective Consciousness. The entire Universe is a Hologram. It is a mirror. As more people on Earth hold a pure image for change in a deep state of Union with Consciousness, the greater the changes become. ***In this vibration, You become the Universe. You transcend hope. You transcend fear. You know what is and you have no need to question it.*** As your lifestream comes down from Source your thoughts create a separate identity, and that becomes mind, and a name we call ***You***. You add to that your family identity, your education, your life experience, your military service, your religion and all those things such as your job and relationships which you identify with as ***YOU***. Awareness has no time and no space. Awareness just ***is***. Awareness is your true nature.

Any experience which changes your Consciousness, for the good or the bad, controls your identity mind. These moments force you to seek out peacefulness. You go through this process again and again until you are no longer afraid. Do you know some fearless people? They have mastered this process. They are Ascended Masters. They no longer feel afraid when something challenges their perception of the Universe. They are unchanged by any experience. They are able to fight long battles. No thing, no event, no information coming in, controls their mind. They have mastered control of their mind. They always know Peace. **Fear** is holding everybody else back. Fear separates you from Creation, from your Creator, from being creative. Fear keeps you frozen on the spot. Fear is your slavemaster, your puppeteer.

Zero Point is the moment where all blockages, all karma and all thoughts are cleared away. Zero Point is where you mirror Peace. It is in this place where all will change; Economics, Religion, Education, Politics, Governance, Science, Social Life, Medicine and Eating Habits. As Earth continues in the tractor beam of the Photon Belt being pulled back through the Eye of An which is the central Star in Orion's belt, back to the Pleiades an ecstatic dimensional shift is taking place.

Most have not achieved Awareness. We will gain Awareness as the dimensional shift continues. We will each do this at our own speed and that is just fine. These energy transfers come into our body through our crown chakra. Our crown chakra receives the ions coming from the Cosmic Rays. Our flesh bodies have changed as our DNA has upgraded. We are now able to absorb the more highly refined ions. This raises our vibration so we are able to follow the Road in the Sky. This makes it possible to translate our vibrational bodies through the StarGates to travel the Universe.

The conditions on your Planet are creating an imbalance in the entire Solar System. This is the reason why there are Trillions of Ships, including Niburu, The New Jerusalem, The New Bethlehem, The Dove, The Wingmakers and The Phoenix, to name a few in Earth's orbit to help all with the changeover to Zero Point. It is important to all the other Stars and Planets in your Solar System that we do so. Earth's nickname is the Planet of Sorrows. Would anyone dispute that name?

Earth is entering a Golden Age of Paradise. As a Cosmic Divine Intervention the sorrows have continued for the purpose of waking you all up to the dire need for change. Your Divine goal is to seek love within the stress.

There are those of you who will not want to believe the changes which are coming down in the very near immediate now. You will not be destroyed for this, you will not be punished. You will simply be invited to a different Planet. You will be removed from Earth to continue within the lower vibrational field. Earth must ascend and if one is not able to participate they will not be forced. The removal will happen as folks are taken on Ships to their new home. This has begun since December 21, 2012. You can see many are passing away now in circumstances of illness and war as well as weather related

phenomena. People of all Planets must live in love and peace and harmony. We do this to receive the full blessings of our Mother and Father Creator in Heaven. Those of like vibration will inhabit Earth to achieve this. This is done to benefit the entire Hologram. Everything in time and space is connected. Earth must do this in order to ascend and this will effect the evolution of everything else in the Milky Way Galaxy.

Just as the Human body is changing, the Earth body also is changing. You are seeing Terra forming. You will also see the Government Institutions change, because they absolutely must. Again, you are not asked to believe. A New Dawn of understanding, is coming to your Planet, and only those able to grasp the New, will remain. The Creator is making these Planetary changes. Your vibration must change, with the change in the Planetary vibration. Your DNA is being blasted by Cosmic Rays, originating at Source, as a gift to freely allow any who desire, to stay here on Earth in the New Peace. Group Consciousness changes the Solar System, and this changes the Physics we are based on. That is what Ascension is. You will travel in your Merkahbah bodies, as a result of this New Physics. You will understand New World views. You will invite Extraterrestrials to land, lending you their knowledge, including their Technology. Your Earth will inevitably change.

Reality is a participatory process. We are bringing this message, to show you the basic need for change now. How can we all work together to make the change? The basic foundation of your existence is about to change, and You are the Creator who will do it. This can only be accomplished by a sincere effort from all awake and aware Beings on Earth. This is why we have sent Angels and Ascended Masters as well as Galactics to take on Physical bodies, and live with you, within the Matrix Hologram of 3D Earth. They have come to show you the Path back Home. You are not hearing their pleas.

You are not hearing the message. Love and Light are the basis of true understanding. New conditions of life at the ending of this 26,000 year cycle require action on your part. The Planets in your Solar System are being drastically changed to accommodate the move back to the Central Sun at Alcyone. In this emergence, we will see Jesus returning to Earth as Sananda, but not in the ways we have been taught by any church. Other Masters will return as well to help all on Earth, Guide them with the Higher Teachings through the massive dimensional shift in effect. This is a process which will span at the least the next 1000 years. There is no rush as this evolution is constantly in process. Some of the changes we have talked about a long time. Those 'poor in Spirit', those continuing on the Planet of Sorrows, will inherit help from the Extraterrestrials, ***which Jesus called 'The Kingdom of Heaven.'*** With this, we will have landings of Extraterrestrial Ships, and additions of Technology of Earth, which will ***end disease***, and correct the mineral, plant, animal, devic and magical kingdoms. The pollution will be cleaned up and there will be free energy for all. New vistas and scopes of knowledge, will become available to access.

One of the most important factors for the Extraterrestrials in returning to Earth is Genetics. The Human form extends throughout the Universe. All Humanoids throughout our Universe are going through this dimensional shift. The Extraterrestrials gather data, important to their Civilizations, by immigrating to and exploring Earth. Those on Earth are learning how to control matter with their mind. Transmutation is the Science, this is based on according to your current understanding. No longer will the smallest person, the mourning person, or the meekest person suffer. They will be comforted and given all they need now.

The Merciful and Loving will be the true Peacemakers, and they will become first now. Truth and Justice must reign, in order for the changes to take place. Likely, you do not now remember, that you swore an Oath, in the distant past, to come back to Earth to experience Injustice, fear, insults, lack, abandonment and hate, in order to hold the Light for change.

We are preparing now, for ***The Event: BIG Arrests, Disclosure and Announcements***. The Event, changes much of the fabric of Human, Social, existence. As War Criminals and Criminals of High Treason are arrested, some who have refused to believe the change is here, will be removed to other Planets, by Galactic Federation Ships. These arrests are ongoing, as War Tribunals have been ongoing. Patrick Fitzgerald was appointed in 2003, and he opened up the Fitzgerald War Crimes Tribunals, and then in 2005, the Franklin War Crimes Tribunals opened, and then in 2006 the World Court War Crimes Tribunals opened, and then in late 2010-2011 the Kuala Lumpur War Crimes Tribunal opened. Those who were found guilty, were removed by our Ships to other Planets on December 21, 2012. Some went back through the Scorpi Black Hole.

We know now, the World Court has prepared the subpoenas for the BIG Arrests we have waited for: Dick Cheney, George W. Bush, Karl Rove, Hillary Clinton, Colin Powell, Donald Rumsfeld, Alberto Gonzales, Adolf Ashcroft, Tom Ridge, Rudy Giuliani, Michael Bloomberg and all who did 911, the inside traders like Chris Christie and the Bankers. These arrests can happen any time now. They can happen tomorrow. These big arrests could prevent the United States Government from holding elections due in November. This could trigger President Obama to negotiate with some select members of the Pentagon and members of the Intelligence Community, to move forward with a Formal Disclosure, BEFORE scheduled elections. It can happen anytime.

The Announcement and Enactment of NESARA Law cannot happen without first a Formal Disclosure. This is a stipulation within the law. This is why there has been through the years a lot of resistance to a Formal Disclosure. After Disclosure, everything happens for the better. Any place there can be, there will be Amnesty. Anyone who tells the Truth about their involvement, and that they were for the most

part following orders, or otherwise carrying out the Truth Embargo, due to their work or other similar reason, have no concerns of being charged and going to jail.

There is no worry about Religion falling apart with Disclosure. Those involved in Religions, will see a New Strength emerging, because they will be empowered with New Knowledge and New Technology. There is no worry Economics will crash. It will be the opposite. Technology will explode, everybody who wants a job will have one. Fossil fuels will be the only major loss. Previously sequestered technology, will become available to all.

NESARA stands for the National Economic and Security Reformation Act. The Economic part of the law, will furnish all on Earth with War Reparations to the tune of \$10 million dollars each. This will involve Currency Revaluations which will not take place until after the enactment of NESARA Law. Currencies will return to metals-backed. Real Estate will also be revalued.

The Security part of the law, involves the recent developments concerning NSA. The National Security Agency of the United States will close its doors. The Pentagon in light of World Peace, will become a Peace Department. There will be no need for National Security. National Security has been the excuse for the Truth Embargo. ***It is necessary to have a Formal Disclosure, in order to dissolve the need for National Security. This has been done to create perpetual war.***

Truth and Reconciliation are the order of the day. Open Contact will bring new Political Alliances with our Extraterrestrial neighbors. Earth will be invited as a Voting Member, into the Intergalactic Confederation of Worlds. Many benefits will accompany this elevated status. These changes appear astounding and hard to believe. Indeed they are exactly what is needed, as Earth continues through a dimensional shift of magnitude proportions. ***We shall be changed in the twinkling of an eye.*** Namaste! This is **Sananda**, through Elizabeth Trutwin, August 23, 2014.
