

## ***The P.H.E. Plan & Project!***

**The Project Humanity & Earth Organizations Plan & Project! This document summarizes the plan, project, fund raising goals & volunteer goals that the organization is working towards! The amount of volunteers worldwide P.H.E. is trying to reach is 800,000 people out of the 7 Billion plus people, to support, volunteer, invest, & donate for a positive future that will benefit all of Humanity & Earth! :-)**

**A small group of people can change the world for the better as long as they work together on a epic common project, which the P.H.E. Organization Has!**

**The P.H.E. Plan has Short Term Goals and Long Term Goals.**

**The first steps supporters and volunteers can take which will meet the short term goals & long term goals is to work on individual fund raising tasks and projects such as a Can & Bottle Drive that have a deposit of 5 to 10 cents when recycled, which that money can be donated to the P.H.E. Land Fund. Volunteers can host a live band event or a walk & run event! These are just a few fundraising ideas individuals can do to raise money for the P.H.E. Cause! Which flyers and hand outs can be made for such events!**

**The second step is to set a personal volunteer goal of getting eight people to donate up to 8 dollars a month, on a monthly basis through the website. Another simple step or action is to get people to visit the website and purchase an item in the P.H.E. Online Shop to help fund the organization which all donated money is going towards the Land Fund. A volunteer or supporter can donate an item to be sold in the Online Shop and donate a set dollar amount they choose to the Land Fund! Taking these simple steps and actions is the easiest way to help support, fund & grow P.H.E. very quickly!**

**As a organization P.H.E. takes a hands off approach when it comes to what volunteers should be doing because they should already know what they can do to help which is spread the word, get more supporters and volunteers while using the skills they have to accomplish tasks that will benefit and fund the organization!**

**The founder of P.H.E. has laid the foundation for all volunteers through the plan, and the website; It is now up to the volunteers & people to do what they can to help fund this great organization and project!**

**P.H.E. is a small slow growing worldwide grass roots organization that is needing major funding & support. P.H.E. has No paid volunteers and does not have the money or funds for major marketing and networking. All donated money comes directly from volunteers & supporters which goes directly to the P.H.E. Land Fund so the first one of a kind community center can be built! The following details are on the P.H.E. Community Center Page under the solutions tab & the Donation Page under the Shop tab.**

***The Short Term Goal:***

**Volunteers work on personal goals and events to support & fund P.H.E. The overall short term Team Goal for volunteers is to get 100,000 volunteers or supporters worldwide to donate up to 8 dollars a month so the fund raising goal of \$800,000 dollars can be reached very quickly for building the first community center! If the 800 grand is coming in every month P.H.E. volunteers would be able to build more community centers every few months!**

***The Long Term Goal:***

**Grow the organization to 800,000 volunteers and supporters worldwide who can donate up to 8 dollars a month which would be an amazing achievement and fund the long term project of building the one of a kind P.H.E. community centers around the world every few months!**

**It would just take \$1 dollar a month from 800,000 people worldwide to finance this great organization and to help build the one of a kind P.H.E. community centers worldwide!**

**100% of the money that is donated goes to the P.H.E. Community Center Land Fund.**

**Thanks for Your Time, Support, Volunteering, Investing & Caring!  
Together We Can Be The Change We Wish To See In Our World!**

**Sincerely,**

**The P.H.E. Founder Nathan of the family Scott**
