

# IT'S TIME TO PICK A WINNER!

This year's impressive **real living** decor competition entries are better than ever! Check out this roundup of some of our favourite spaces

The **real living** reader decorating competition has been a huge success again this year, with our mailbox full of entries to sort through. They came from all over the country and represent every decorating style, from industrial retro to beach-shack chic and sleek contemporary. The calibre is high and judging will be tough – here's just a small selection of some of our favourite rooms. The winner, as chosen by our panel of judges, will win a **FABULOUS PRIZE** from **KAS Australia** – \$3000 in cash and \$2000 worth of KAS product. That's a **total prize pool of \$5000**. Plus, the winning home will feature in **real living!** So, stay tuned, the winner will soon be announced...
