Welcome to Desert Dreaming

July 23rd – July 31st 2016

We are so excited about this unique and amazing spiritual Central Australian Desert Journey. We are aiming to bring you the best most exciting adventure that we possibly can in the time we have together. If this is your first time into the desert you are in for a very special treat. Every time we go out into the Desert it is always different, unique and amazing experience. The desert has its own beautiful way of teaching when we learn to quiet our minds and listen. You may never want to leave!

Be prepared to go with the flow as shift happens and in true Conscious and Spiritual travel open your heart, step out of judgement and into the way of the land and its custodians.

Your hosts Paul and Phoebe Hoogendyk have travelled extensively to many of the most ancient tribes on the planet to sit with the Elders and spirit keepers of the tribes. To bring back their wisdom and share it in many forms and this journey is just one way. They will be offering mini – transformational workshops and meditations along the way to get you connected to the land the people or more so if you already are. These will very much depend on the time we have and what the Elders have planned for us as their teachings will always have precedence over ours. Paul and Phoebe have run their own health and wellness clinic for over 30 years as well as travelling and have run many workshops. Both are international story tellers. Those nights around the campfires will be spent in storytelling, the most ancient way of teaching and learning as well as sharing of events and happenings of the day within a talking circle. You can read all about their adventures in their trilogy "Set By The Ancients." Books 1 & 2. Book 3 is about to be published. They have dedicated their lives to helping people be all that they can and want to be.

COST: \$3525 per person to be paid in full by the 1st of June....no later. A 50% deposit will hold you place and as there are only 10 on offer we suggest you jump in now. Download and fill in the registration and T/Cs forms and get them to us as soon as you can.
