SECURITY SEC FRAUD COMPLAINT AND FOR STAY AND STOP EVICTION AS JPMORGAN HAS NO STANDING, WE GOT EVIDENCE PROVING NOTE WAS SOLD ON MARKET TWO YEARS BEFORE JPMORGAN SO CALLED ACQUIRED FROM WAMU/FDIC. AND THE NOTE IS AT THIS MOMENT ON THE MARKET FRAUD

COMES NOW Kurt Marin, Maurice Symonette and Clyde McPhatter with a need for an emergency hearing for Stay to stop eviction due to newly discovered evidence proving note was sold on market two years before JPMorgan so called acquired the note from WAMU /FDIC THEREFORE WAMU and JPMorgan is doing SECURITIES SEC FRAUD and does not have standing in any part of this property to Foreclose, Evict, make Any claims or demand any payments of any sort, because I now have absolute Proof that JPMorgan committed fraud on the SEC and the Courts, The proof is from a Certified Securitization CFLA Auditor that is qualified and experienced to provide the nessassary Professional service that is trained to navigate and perform searches on the Bloomberg terminal in regards to the automatic tracking and determination of mortgage and loan related documents and information as seen on exhibit #1. (An affidavit from Eliyshuwa Shaphat Yisrael) explaining the transactions that took Place on said property at 3320 NE 165th st. Mia. Fl. 33165 of all the screen shots that took place with the securities transactions during the time the property Was sold to owner Kurt Marin up until the present time see exhibit #2, and a Licensed Bloomberg Mortgage securitization Auditor(SEC) of the CFLA see exhibit #3. This shows that Washington Mutual Bank FA sold the note right after the closing of the property July 14. 2006 to WAMU Capital Corp. who on page one of the Screen Shot sold the NOTE on the Market as a Security Sept. 26. 2006 with US BANK National Association as Trustee. Exhibit 2, and WAMU also became a merger with Federal savings bank which held the DBA corporate title of Washington Mutual Bank which was Consummated on Jan. 1, 2005 see exhibit 7, This proves that Washington Mutual Bank FA sold the NOTE as a Security Sept. 26.2006 and after selling the NOTE almost one year later April 25. 2007 without noticing us filed a notice of Foreclosures lis Pendens exhibit 4. Then WAMU was taken over by the FDIC Sept 25. 2008 and sold all WAMU assets to JPMorgan exhibit 5. But this did not include our NOTE because our NOTE was already sold as a security on the Market exhibit 2. and according to the SEC Screen Shots in the corner of the first page this NOTE is now and still on the Market as a security/ bond/ stock as of Jan. 6. 2016 exhibit 6. According to the GAAP, FASB, FAS 140 Rule says that when a NOTE is sold on the Market as a Security the NOTE must be burned and Destroyed and can never be used as a foreclosure instrument because that is SEC Fraud because:

- #1. The IRS has written the Destroyed NOTE off as a loss.
- #2. Then the insurance paid the NOTE loss off.
- #3. Then sold it on the Market.

That's why the FDIC P&A (Purchase & Assumption Agreement) page 17 article 3 sec.3.3 says; that for JPMorgan to own the NOTE (and give JPMorgan standing to Foreclose) the FDIC must sign (endorse) the NOTE over to JPMorgan, not by operation of law which is what JPMorgan used in State Court exhibit 8. without ever showing the any signed NOTE at all. operation of law was created by the United States Government using the FDIC Which is an insurance company used U.S. Gov. to protect the people so they wouldn't have to do a run on the banks but if the banks failed they were insured up to \$100,000.00 by the peoples money from the U.S. Treasury Department which is our tax dollars the FDIC was created to protect the People's money so they wouldn't have to do a run on the bank and they can get their money back and then the FDIC would be allowed to act Through Operation of Law as if they are the bank that is as if they are WAMU to be them by getting the note signed over to them so that they could sell the assets freely without going through all of the regular rules acting as if they are the bank (WAMU bank) and then whoever they sell the Assets (NOTES) to recover money WAMU lost to give back to the people/victims to recover their money from the failed WAMU bank. Then WAMU is out the way. Whoever the FDIC sold the NOTE to would have to then get the signed over to JPMorgan, which is in the Purchase & Assumption Agreement (P&A) page 17 Article 3 sec. 3.3 which says the FDIC must sign the Note over to the bank (JPMorgan) that they sold it to. JPMorgan is a BANK and is not designed by the US Gov. To help the people. JPMorgan is designed to make money and act as a bank not an insurance company (like the FDIC), JPMorgan Cannot act like the FDIC and own a NOTE through Operation of Law according to KIM v. JPMorgan in the Supreme Court in Michigan and according to certain rules in the state of Florida like Florida statute 87 which says the NOTE must signed over to you for you to own the NOTE. Of which JPMorgan does not have our NOTE signed over to them from the FDIC or WAMU and therefore has no standing to foreclose or EVICT this is SEC FRAUD. When the Sheriffs/JPMorgan come they must have a copy of the signed NOTE which is now a BOND on the Stock Market exhibit 6. so Sheriffs/JPMorgan must have the BOND in JPMorgan's name but the BOND is not in JPMorgan's name exhibit 6. Wamu mortgage passed the certificates 2006 AR 12 has been Desolved since 2009 (Google) and is no longer a trust and U.S Bank and their Trustee on the Stock Market cannot conduct a Lawsuit Foreclosure for a trust that no longer exist, so U.S. Bank would be breaking the law if they were conducting a lawsuit or a foreclosure in the name of a trust that no longer exist also Washington mutual its self is bankrupt and was already taken over by the FDIC it does not exist therefore they cannot conduct a foreclosure case in the name of Washington Mutual or WAMU Trust .

. In the interest of Justice the SEC was created to protect the helpless and must help us keep a stay of EVICTION active until the SEC acts or our Appeal is answered and JPMorgan must prove their so called Standing which is impossible. If you the SEC don't hear me You should and will be ashamed. Just SAY and use the Southern States, Black Slave Code and say you SLAVES Black or White don't have the Right to own property. see the first article on www.gods2.com and www.symonetteforPresident.com

WHITEMAN AND BLACKMAN WAKE UP AND UNITE or we are

destroyed Isaiah 30:7 & 2Peter 3:3-8. Remember I LOVE You and you are my brother. Ecclesiasties 10:8 Says don't help JPMorgan dig a ditch for me your brother , because you will fall in it. This is Gods promise, this why I am running for President as a No Party Affillate but Conservative before March. I'll be on all states ballots and drum enough attention to debate with the Dem. & Rep. primary winner. and I will expose this horrible Slave evil JPMorgan was the financier of Slavery and now have Blacks and Whites in Slavery using Mortgages, Interest, Nehemiah 5:1-9 says Mortgages is Slavery, Deut. 23:19-20 GOD said you can't charge interest on your brother (fellow Americans) and Leviticus 25:39 you can't compel and hold your brother in Slavery this is the 50th year of JUBILEE to free the Slaves black and white. Every nation can go to heaven Rev. 12:9-13 even gays Romans 1:23-28 describes Gays as Beasts and in Rev. 4:3-10 show those Beasts (Gays) in Heaven and are not Doomed to have to help the Dark Side (JPMorgan). So we all can go to Heaven if we Repent, Black or White. JPMorgan are the Racist bad guys.

1. JPMorgan can't own note by operation of law Kim v JPMorgan (judge O.H. EATON in Florida Brevard County) say JPMorgan admits that they can't own note by operation of law. exh.8 4th DCA GAINUS WRIGHT 111 V. JPMORGAN Appeals court says you can't own NOTE by Operation of LAW!!
2. Lawrence Nardis WAMU and JPMorgan expert on Schedule of NOTES says there is no ownership of NOTES from WAMU through the FDIC to JPMorgan JPMORGAN v. SHERONE D. WAISOME Florida Lake County 2009 CA 005717
3. FDIC according to P&A Agreement between FDIC & JPMorgan page 17. Article 3. Section 3.3. Says the FDIC must sign the note over to JPMorgan to have standing to own NOTE and foreclose.
4. GAAP FSAB FSA 140: says a NOTE after being SECURITIZED (Sold on the Market as a Stock or Bond the NOTE must be burned and destroyed and never be used as a Foreclosing instrument again because that's SEC Fraud and IRS TAX Fraud because when note was destroyed NOTE was written off as a loss and NOTE owner got Paid off by the IRS also their Insurance paid it off and our SEC prospectus proves that the investors paid close to 1.7billion for the package of 404 NOTES our NOTE was pooled in. 404 divided by 1.7billion is 4.2 million dollars off of our 1.9million NOTE over twice the amount of our NOTE, then the banks got a 700billion dollar Bailout. They have been paid five times and the NOTE is right now still trading and making money on the Market according to front page at bottom of the Prospectus (screen shot) exh. 2. because the Bank helped pay it off is not to be discounted, the BANK IS PAID. I am amazed at how a JUDGE would see this and allow this sickness.

EXPOSE AND STOP THE SEC FRAUD NOW
