

QI 45 & QI65

The Qi 45 & QI65 are attractive and compact wall mounted two-way speaker systems ideally suited to both indoor or outdoor environments. Featuring a tough UV resistant ABS enclosure and aluminum speaker grille the Qi45 & 65 are designed to provide many years of trouble free service whatever the weather. Their diminutive dimensions and versatile mounting bracket make it both easy to install and the perfect solution to providing music in many applications; including outdoor dining and restaurant areas and indoor public spaces and conference facilities.

Q Acoustics engineers have carefully crafted the Qi 45 & 65's audio performance to deliver an exceptional combination of clarity and focused power using a rigid polypropylene driver cone, high quality crossover network and bass reflex enclosure to deliver results that comfortably exceed expectations.

QI 65LW

The Qi 65 is the perfect speaker for those who want to create music in a landscaped environment. Finished in a granite effect texture and incorporating a wide range 6.5" woofer and 1" tweeter the Qi 65 can all but disappear from conscious view when positioned within outdoor areas such as bordered patios and alpine gardens. Its rugged glass reinforced polymer cabinet construction and weatherproof cable termination allow the Qi 65 to be located at ground level making it easy to locate and install with confidence.

Q Acoustics have engineered a low resonance cabinet and optimized the driver characteristics to ensure the Qi 65 delivers a full and clear sound even at high volumes, making it ideal for high quality outdoor music reproduction, announcements or even atmospheric birdsong!
