Dear Jean-Marc,

We are taking yours complaint very seriously. Our national Disciplinary committee already started taking action and we are ready to draw the consequences if Mr Ryba erred. In our investigation we would like to ask you for your cooperation and for specification of information which we obtained from Czech players and representatives of Czech squash.

1. Was Mr Ryba delegated referee for the match? According to our information for this match were delegated Kristyna Alexova and Tinne Gillis.
2. According to our information there was agreement after fourth game between Ms Alexova and Ms Gilles that rest of the match will be referred by Ms Gilles. (And Ms Gilles agreed to it)

From our investigation so far rejects that there was rather misunderstanding between players who will finish the refereeing rather than intended action from Mr Ryba to not finish the refereeing. On the contrary Mr Ryba was helping from good will to Ms Alexove with referring when Ms Gillis haven't showed up. Therefore I wouldn't speak about Mr Ryba in bad sense nor that he's sending bad message to other junior players or that he damaged good reputation of the tournament. On the contrary it look like that Mr Ryba should be punished for effort to help to Ms Gilles and Ms Alexova and for his good will.

Thank you for the cooperation.

Regards

Mr. Radim Švec
