Dear Ms. Salter,

Thank you so much for bringing the Legacy Project to our school.

You have created an amazing program! Last Wednesday's performance was one of the most moving evenings of theatre that I've ever seen at our school. The Legacy Project's use of oral history, dance, song, drama, and science is a thrilling model of what can be accomplished by a dedicated and passionate mission. As a former science teacher, it was so exciting seeing drama and state of the art science combined!

It was an incredibly moving and important evening for our entire community. Please consider William Alexander Middle School 51 a friend to the Legacy Project and we would be thrilled to have you return to work with another group of lucky students.

Sincerely,

Lenore DiLeo – Berner
