Committed to providing you excellent service, so you always choose us for your aviation needs.

With many years of experience in aviation, Air Commander Aerospace aims to satisfy customers with a fast and simple way of purchasing, customizing and maintaining an aircraft. Catering to international clients to support all aircraft related issues, we specialize in understanding our customer's needs. Our team is prepared to accommodate and fulfill any expectation when buying, selling, customizing, or relocating an aircraft. Our clients can also store their aircraft in our hangar while we keep their aircraft clean and ready to fly. Our headquarters and hangar are located at the KFLI- Fort Lauderdale International Airport, in Florida, USA, alongside a location in Sao Paulo, Brazil. Air Commander offers services worldwide so we can assist you whether you're located in the USA, Latin America, Europe, or Asia. Additionally, we offer maintenance, avionics sales, and legal assistance for either importing or exporting an aircraft directly to any part of the world. Our staff will cater to any service you may require and will respond to your inquiries in a fast and efficient manner.
