ADVANCING THE NEXT GENERATION

...of Latina professionals that will positively impact the communities we live in

The Bay Area young Latina conference with a day of STEM² workshops and inspirational speakers for girls in grades 8 – 12 | Science, Technology, Engineering, Math, and Management

Saturday, April 26, 2014
8:30 AM – 3:30 PM
Cañada College
4200 Farm Hill Boulevard, Redwood City, CA 94061

LISTAS conference goals
- To encourage and motivate young Latina women and their families to pursue careers in historically underrepresented fields
- To connect young Latina women and their families with professional Latina role models in various STEM² fields and who are active in their community
- To create awareness of local thriving companies and high skilled jobs

Sponsored by
The STEM Center at Cañada College
Featuring

Prominent Latina keynote speakers
Inspirational career workshops presented by Latina professionals in English and Spanish
Parent educational workshops in English and Spanish

Designed for
