## Friday 21 October 2016 continued...

8:45am - 9:30am

### Headline Keynote - The New World Cities

Sponsored by:

Want to know which cities are the New World Cities and how are they competing with established cities including London, Hong Kong and New York?

This latest group of emerging World Cities are the new gateways for fast-growing economies. Their competing model seeks to combine:

- economic specialisation in tech rich sectors
- knowledge creation and talent attraction
- a managed metropolis with good services and high quality of life.

Is this the model for Australian cities? How many are pursuing this model, and what does it mean for property and investment?

**KEYNOTE:**

Prof. Greg Clark CBE, Global Advisor and Chairman, The Business of Cities Limited

9:30am - 10:30am
