COMIT PROJECTS Ltd *presents* Construction MobileIT Conference, 2013

Thursday 7 November, Institute of Physics, London, W1B 1NT

“Information Mobility”

- 14.00 COMIT PROJECTS Ltd
Jason Scott (Acting Director of Professional Services, COMIT) and Gerry Samuelsson-Brown (Financial Director of COMIT) Have both been involved in COMIT since its early beginnings. They will be sharing the latest on COMIT's activities and the benefits of membership
- 14.10 Supplier Logistics in the Cloud
Stuart Young, COMIT and Sandeep Jain, MobiBiz
Stuart is Fiatch's European and Middle East Managing Director and COMIT's representative for this project. The project looks at improved supply chain information and delivery using a cloud application to deliver a less wasteful future. The intent is to make better use of assets and resources with a much greater visibility of supply chain activity. It will identify potential risks and opportunities and develop a much better relationship with suppliers. This is an 18th Month project that is a part funded by the TSB, and a collaborative partnership between lead partner, MobiBiz, Costain and COMIT. Stuart Young will be steering COMIT's activities and using his experiences of supply chain management to the benefit the project. Sandeep Jain is the Project Lead of Enable my Team. He is CEO of MobiBiz and will talk on the mechanics of the project.
