

Translating Discovery to Health

The Bold Vision of a Learning Health System

UCLA Luskin Conference Center

October 18 - 19, 2016

Day 1: Tuesday, October 18

12:00 *Lunch and Networking*

1:00 **Welcome & Introduction to Day 1**

Lars Berglund, Chair, UC BRAID

1:10 **Leveraging the Power of University-wide Collaboration**

Video Message from UC President Janet Napolitano

Presentation from the New Office of Innovation and Entrepreneurship

Christine Gulbranson, Sr. VP, Research Innovation and Entrepreneurship, UC System

1:40 **Opportunities and Challenges of Embedded Research in a Learning Health System**

Michael K. Gould, Director of Health Services Research & Implementation Science,
Kaiser Permanente Southern California

2:15 **Panel Discussion: Research, Health Care Practice, and the Patient in Front of Us**

Diverse perspectives on the joint benefits of research data collection within health care delivery settings

Moderator: Mark Pletcher (Director, UCSF CTSI Informatics & Research Innovation)

Panelists: Tom Andriola, VP and Chief Information Officer, UC System

Michael Gould (Director of Health Services Research & Implementation Science,
Kaiser Permanente Southern California)

David Wellis (CEO, San Diego Blood Bank)

3:15 *Break (refreshments provided)*

3:30 **UC Big HealthCare Data Initiative: Progress & Future**

Tom Andriola, VP and Chief Information Officer, UC System

Atul Butte, Executive Director, Clinical Informatics, UC System

4:00 **Collaboration in Action:** Presentations on achievements and future goals

- Child Health Network (Christina Chambers, Chair)
- IRB Network (Eric Mah, Nate Buscher, Regulatory Projects Leads)
- Contracting Network (Tam Tran, Chair)
- UC Center for Accelerated Innovation (CAI) (Mike Palazzolo, Program Director)
- UC Research eXchange (UC ReX) (Lucila Ohno-Machado, Chair)

5:15 *Adjourn for the day: Networking reception*

Day 2: Wednesday, October 19

8:00	<i>Breakfast and Networking</i>
8:45	Introduction to Day 2 Rachael Sak, Director, UC BRAID
9:00	Increasing Access to UC Discoveries: Leveraging and Aligning Systemwide Clinical Research Infrastructure Arash Naeim, CMO for Clinical Research, Associate Director, UCLA CTSI Opportunities for Collaboration and Leveraging Participant Recruitment Initiatives Across UC Health Jennifer Creasman, Director, Data Management Unit, UCSF CTSI Leslie Yuan, CIO & Director, Research Technology Program, UCSF CTSI Setting the Stage for Group Discussions (Rachael Sak)
10:15	<i>Break (refreshments provided)</i>
10:30	Building upon a UC Translational Research Network Concurrent Group Breakouts: topic-based discussions on opportunities for common solutions to systemwide needs <ul style="list-style-type: none"> A. Building capacity in participant recruitment (Doug Bell & Jennifer Creasman) <ul style="list-style-type: none"> ○ <i>Using the EHR, new tools, resources, social media and technologies</i> B. Supporting single IRB review (Eric Mah) C. Contracting for rapid launch of multicenter clinical trials (Tam Tran) D. Piloting a virtual biobank (Sarah Dry)
11:45	Break/Return to Main Room
11:55	Brief Group Report-outs & Discussion
12:20	Closing Remarks
12:30	<i>Adjourn: Lunch and Networking</i>
