# The Erasmus Mundus Programme

The Erasmus Mundus programme's objective is to promote European higher education, to help improve and enhance the career prospects of students and to promote intercultural understanding through cooperation with third countries, in accordance with EU external policy objectives in order to contribute to the sustainable development of third countries in the field of higher education.

It does this through three Actions:

Action 1 – Erasmus Mundus Joint Programmes (Masters Courses and Joint Doctorates)

Action 2 – Erasmus Mundus Partnerships (former External Cooperation Window)

Action 3 – Erasmus Mundus Attractiveness projects

## Action 1 – Erasmus Mundus Joint Programmes: Masters Courses and Joint Doctorates

Erasmus Mundus Joint Programmes are operated by consortia of higher education institutions (HEIs) from the EU and (since 2009) elsewhere in the world. They provide an integrated course and joint or multiple diplomas following study or research at two or more HEIs within the consortium. Masters Courses and Joint Doctorates are selected each year following a Call for Proposals. They also offer EU-funded scholarships or fellowships to top students, doctoral candidates and scholars. Each joint programme carries out five annual selections for these scholarships.

Erasmus Mundus Masters Courses have been selected in annual Calls for Proposals, starting in 2004 with the last selection in 2012. Erasmus Mundus Joint Doctorates were selected in four annual Calls from 2009 onwards (with the last selection in 2012). There are currently 138 Masters and 42 Doctorates offering scholarships for programmes starting during the academic year 2013/2014.

## Participation in Erasmus Mundus joint programmes

The only full partner in an Erasmus Mundus joint programme from an Eastern Partnership country is Moldova State University, a partner in the MISOCO Master Course (Joint European Master in International Migration and Social Cohesion). Some Universities from Eastern Partnership countries have also been involved as associate partners in Erasmus Mundus joint programmes.

## An example of an Action 1 joint programme: IMRCEES

**Full name: International Masters in Russian, Central and East European Studies**

### Partners:

**THE UNIVERSITY OF GLASGOW, United Kingdom (Co-ordinating institution)**

UNIVERSITY OF TARTU, Estonia

UNIVERSITY OF TURKU, Finland

CORVINUS UNIVERSITY OF BUDAPEST, Hungary

KAZAKHSTAN INSTITUTE OF MANAGEMENT, ECONOMICS & STRATEGIC RESEARCH,  
Kazakhstan

JAGIELLONIAN UNIVERSITY, Poland

**Associate University partners:**

AZERBAIJAN DIPLOMATIC ACADEMY, Azerbaijan  
 THE UNIVERSITY OF WESTERN ONTARIO, Canada  
 ILIA STATE UNIVERSITY, Georgia  
 LOBACHEVSKY STATE UNIVERSITY OF NIZHNI NOVGOROD, Russia  
 NATIONAL UNIVERSITY OF KYIV-MOHYLA ACADEMY, Ukraine

**Website:** <http://www.gla.ac.uk/postgraduate/erasmusmundus/>

The International Masters in Russian, Central and East European Studies (IMRCEES) is a 2-year (4 semesters) multi- and interdisciplinary double degree programme. It is intended for students wishing to pursue a career in government policy-making, the business world, diplomatic service, international organisations and media, or as preparation for further academic study through a PhD programme.

IMRCEES is an international consortium composed of 5 European universities and 6 non-European universities and additional non-educational partners. During Year 1 all students study at the University of Glasgow. In Year 2 students move to study at one of the other partner universities where they follow specialised study tracks in one or more of the following fields: Central Asian Studies; the Caucasus/Caspian Sea Basin Studies; Baltic Sea Region Studies; Soviet and Post-Soviet Studies; and Central European Studies in Semester 1, and complete the writing-up of their dissertation in Semester 2. Within IMRCEES, dissertation research opportunities are also possible at one of the Consortium's associate universities. At the end of the programme graduates receive the degree of International Masters in Russian, Central and East European Studies from the University of Glasgow and one of the following degrees depending upon the choice of mobility partner in Year 2: • MA in Political Science, Hungary • MA in European Studies, Poland • Master of Arts in Social Sciences (Baltic Sea Region Studies), Estonia • Master of Arts in Baltic Sea Region Studies, Finland • Master of International Relations, Kazakhstan.

## Mobility under Action 1 programmes

Each year, students worldwide can apply for Erasmus Mundus scholarships to Masters and Doctorates. Students are selected by the individual consortia on the basis of a transparent selection procedure explained on the consortium website. In total 626 students from Eastern Partnership countries have been selected over the 10 annual selections up to 2013 to take part in EM Master Courses.

	2004-2013	2004	2005	2006	2007	2008	2009	2010	2011	2012	2013
<b>Armenia</b>	<b>75</b>	0	3	6	3	6	13	6	5	13	20
<b>Azerbaijan</b>	<b>23</b>	0	2	0	1	5	3	1	0	3	8
<b>Belarus</b>	<b>62</b>	3	5	2	5	9	5	6	4	11	12
<b>Georgia</b>	<b>71</b>	2	3	3	5	10	9	7	3	12	17
<b>Moldova</b>	<b>66</b>	0	9	5	5	6	10	6	9	7	9
<b>Ukraine</b>	<b>329</b>	4	23	18	24	34	29	30	28	52	87
<b>TOTAL</b>	<b>626</b>	<b>9</b>	<b>45</b>	<b>34</b>	<b>43</b>	<b>70</b>	<b>69</b>	<b>56</b>	<b>49</b>	<b>98</b>	<b>153</b>

Additional budget (EUR 5m) was allocated under Action 1 in the year 2012 to allow for extra 57 Erasmus Mundus Masters scholarships to be awarded to candidates from the six countries: Armenia 6, Azerbaijan 2, Belarus 7, Georgia 4, Moldova 4, Ukraine 34.

In 2013, additional budget (EUR 5.5m) has been allocated under Action 1 to allow for extra Erasmus Mundus Masters scholarships for candidates from Eastern Partnership countries. This has provided for 127 additional scholarships: Armenia 19, Azerbaijan 6, Belarus 11, Georgia 14, Moldova 7, Ukraine 70.

Erasmus Mundus Masters Courses can also invite scholars to teach or research within the EMMC. So far, 46 EM scholars from the region have taken part in the programme. Figures for the nationality of selected scholars only become available once Masters Courses submit their final report, so the latest figures date from the 2010-2011 academic year.

	2004-2010	2004	2005	2006	2007	2008	2009	2010
Armenia	4	0	0	0	1	2	1	0
Azerbaijan	1	0	0	0	0	0	1	0
Belarus	4	0	0	0	0	2	2	0
Georgia	6	1	1	0	0	1	2	1
Moldova	1	0	0	0	0	0	1	0
Ukraine	30	2	1	5	2	9	8	3
<b>TOTAL</b>	<b>46</b>	<b>3</b>	<b>2</b>	<b>5</b>	<b>3</b>	<b>14</b>	<b>15</b>	<b>4</b>

Four annual selections of Doctoral candidates to start research in one of the EM Joint Doctorates have been made so far. These included 23 fellows from the Eastern Partnership countries.

	2010-2013	2010	2011	2012	2013
Armenia	4	0	2	2	0
Azerbaijan	0	0	0	0	0
Belarus	3	0	0	2	1
Georgia	2	1	0	1	0
Moldova	0	0	0	0	0
Ukraine	14	1	4	2	7
<b>TOTAL</b>	<b>23</b>	<b>2</b>	<b>6</b>	<b>7</b>	<b>8</b>

## Action 2 – Erasmus Mundus Partnerships (former External Cooperation Window)

### Action 2 partnerships

Under Action 2, Erasmus Mundus Partnerships bring together HEIs from Europe on the one hand and those from a particular region in the world on the other. Together the partnerships manage mobility flows between the two regions for a range of academic levels – bachelors, masters, doctorate, post-doctorate – and for academic staff. Scholarships are awarded to the individuals taking part in the mobility, and a portion of the budget is reserved to contribute to the costs of managing the mobility.

For Eastern Partnership countries, partnerships organise mobility in both directions. At least 70% of the scholarships must go to nationals of Eastern Partnership countries to come to a university in the EU, and no more than 30% to EU nationals attending a university in Eastern Partnership countries. In practice, between 80% and 90% of scholarships go to Eastern Partnership country nationals, while between 10% and 20% go to EU nationals.

Action 2 Partnerships have been selected under annual Calls for Proposals since 2007 (the 2007-2009 Calls were organised under its former name, the External Cooperation Window). Eastern Partnership countries have been covered by the scope of Action 2 during each of the seven annual selections, 2007-2013. The Calls for Proposals ask for partnerships that involve the non-EU partners from a particular country or group of countries – these are known as geographical 'lots'. Between 2007 and 2011 Eastern Partnership countries were divided into two different lots: Georgia, Armenia and Azerbaijan belonged to one lot, while Ukraine, Moldova and Belarus were grouped together in another lot. From 2012 onwards, the six countries were grouped together in one single regional lot.

Selection year	Countries covered by a lot	Partnerships selected per lot	Eastern partnerships selected / budget
2007	Georgia, Armenia, Azerbaijan	1	2 partnerships EUR 8 791 150
	Ukraine, Moldova, Belarus	1	
2008	Georgia, Armenia, Azerbaijan	1	2 partnerships EUR 7 999 625
	Ukraine, Moldova, Belarus	1	
2009	Georgia, Armenia, Azerbaijan	1	2 partnerships EUR 7 999 625
	Ukraine, Moldova, Belarus	1	
2010	Georgia, Armenia, Azerbaijan	1	2 partnerships EUR 7 989 475
	Ukraine, Moldova, Belarus	1	
2011	Georgia, Armenia, Azerbaijan	1	5 partnerships EUR 16 233 425
	Ukraine, Moldova, Belarus	4	
2012	Georgia, Azerbaijan, Armenia, Ukraine, Moldova, Belarus	9	9 partnerships EUR 35 104 475
2013	Georgia, Azerbaijan, Armenia, Ukraine, Moldova, Belarus	9	9 partnerships EUR 28 217 450

These 31 partnerships selected so far between them involve 240 instances of participation by 82 different HEIs from Eastern Partnership countries:

On the European side, the same partnerships have involved 178 instances of participation from 81 different HEIs in 22 different EU countries. Greatest participation was from universities in: Italy, France, Spain, Poland and Portugal.

## Examples of Action 2 partnerships

### Georgia, Armenia, Azerbaijan

## Current Action 2 partnerships in more detail

Partnerships selected under the 2013 call for proposals will start their selection of students and staff from September 2013 onwards. A number of partnerships selected in 2012 may also still be open for students or staff coming from Eastern Partnership countries to apply for mobility under Action 2.

### 2013 selection:

Countries covered	Applicant (coordinating institution)	Partnership name	Partnership website*
Armenia, Azerbaijan, Belarus, Georgia, Moldova, Ukraine	TALLINN UNIVERSITY (EE)	HUMERIA	To be published
	UNIVERSIDAD DE SEVILLA (ES)	EMBER	To be published

## Action 2 project achievements in Eastern Partnership countries

### Recognition

Partnerships aim to recognise study periods abroad and all use adequate tools (learning agreement, diploma supplement and transcript of records). The use of ECTS has been given priority, has become more consolidated and has further advanced the recognition process.

### Vulnerable groups

The involvement of local NGOs and other associations proved to be an efficient way to reach potential vulnerable groups (target group 3 – candidates in vulnerable situations for social and political reasons). The associates have a long tradition and a network that have proved to be very important especially during the promotion. A high number of target group 3 candidates declare to belong to an indigenous population targeted by a specific national policy or internally displaced persons.

### Cross-cutting issues

Cross-cutting issues refer to gender balance, equal opportunities and the participation of disadvantaged groups (candidates with special needs or the economically disadvantaged). Partnerships pay attention to cross-cutting issues during promotion and selection. In Eastern Europe the involvement of male and female is rather balanced. The involvement of candidates from an economically disadvantaged group as well as the involvement of candidates with special needs has been more challenging. Partnerships report the difficulties to verify the social status of students. In a few cases candidates with special needs were selected. The partnerships guaranteed that the individuals received adequate assistance.

### Tackling brain drain

The prevention of brain drain is appropriately addressed by partnerships, focusing also on non-degree mobility. Selected candidates sign agreements including clauses on respecting the duration of the study period for their stay in the EU. Brain drain can be prevented if the home universities offer further development perspectives and/or partnerships involve other stakeholders in the partner countries and establish links to the working environment.

### Sustainability

The major part of the budget of selected partnerships aims at financing scholarships. Partnerships depend on this contribution to offer mobility schemes. However, a number of activities have been undertaken to establish bilateral agreements supporting long-term academic cooperation and exchanges. Positive sustainable actions also include the organisation of regionally focused meetings among the partnerships involving local bodies and authorities.

## Action 3 – Erasmus Mundus Attractiveness projects

This Action of the Programme funds projects to enhance the attractiveness, profile, image and visibility of European higher education worldwide. Action 3 provides support to activities related to the international dimension of all aspects of higher education, such as promotion, accessibility, quality assurance, credit recognition, mutual recognition of qualifications, curriculum development and mobility. It also seeks to disseminate the programme's results and examples of good practice, and to exploit these results at institutional and individual level. Many of these have a geographical focus.

Partners from Eastern Partnership countries are involved as follows:

<b>Organisation</b>	<b>Country</b>	<b>Title</b>
ARMENIAN STATE AGRARIAN UNIVERSITY	Armenia	ISEKI_Mundus 2 - Internationalization and Sustainability of ISEKI_Food Network

## Examples of Action 3 projects

You can read more about Action 3 projects' outcomes and achievements on the Erasmus Mundus website: [http://eacea.ec.europa.eu/erasmus\\_mundus/results\\_compendsia/selected\\_projects\\_action\\_3\\_achievements\\_activities\\_en.php](http://eacea.ec.europa.eu/erasmus_mundus/results_compendsia/selected_projects_action_3_achievements_activities_en.php)

### ISEKI\_Mundus 2

#### Internationalization and Sustainability of ISEKI\_Food Network

<b>Coordinated by</b>	Universidade Católica Portuguesa (Catholic University of Portugal) – Escola Superior de Biotecnologia (Portugal)
<b>Coordinator contact</b>	Cristina L. M. Silva (email: <a href="mailto:clsilva@esb.ucp.pt">clsilva@esb.ucp.pt</a> )
<b>Website</b>	<a href="http://www.iseki-food.eu/">http://www.iseki-food.eu/</a>
<b>Partners</b>	Croatia, Portugal Argentina, <b>Armenia</b> , Australia, Botswana, Brazil, Cameroon, Canada, Chile, China, Colombia, Democratic Republic of Congo, Ecuador, India, Indonesia, Israel, Lebanon, Mexico, Mongolia, Morocco, Mozambique, New Zealand, Peru, Russian Federation, Serbia, South Africa, Thailand, Tunisia, <b>Ukraine</b> , United States

The project is coordinated by the ISEKI\_Food 3 (with 96 partners from 28 European countries) and includes a total of 53 institutions from 30 non-EU countries. One of the main objectives of the project is to contribute to the internationalization and enhancement of the quality of the European higher education in

food studies. Moreover, ISEKI\_MUNDUS 2 also aims at ensuring the network sustainability, by extending the developments undergoing through the Erasmus Academic Network ISEKI Food 3 to other countries and developing new activities towards the promotion of good communication and understanding between European countries and the rest of the world.

#### **Outcomes**

- Implementation of a European Quality Assurance System for Food Programmes (EQAS\_Food);
- Development of a web database and of a web platform for international cooperation and mobility in the field of food;
- Production of guides, critical analysis reports, as well as innovative teaching materials and methods (including books and e-learning courses);
- A series of deliverables related with the project dissemination and exploitation;
- Project's final international conference.

### **EduCoach**

#### **Personal Online Advice for Study-in-Europe-Orientation**

**Coordinated by**  
**Coordinator contact**

StudyPortals B.V (The Netherlands)  
Joran Van Aart (email: [joran@studyportals.eu](mailto:joran@studyportals.eu))

**Website**

<http://educoach.org/>

**Partners**

Belgium, Estonia, The Netherlands  
Jordan, **Ukraine**, United States

The EduCoach project aims at helping students and PhD Candidates with personal professional advice to improve the quality of their decision on where to study abroad in Europe. To ensure this goal EduCoach has set up a personal online counselling service for prospective students and PhD candidates. This service combines the success of and need for strengthened international student services and personal advice with the effectiveness of modern information and communication technologies - and the outreach and popularity of existing study choice portals. The Educoach project focuses on different target groups: one of them is 2 million orienting students from Eastern Neighbouring Countries (pilot country: Ukraine).

#### **Outcomes**

- Personal online counselling tools and experts (live chats and voice/video conferences);
- Interactive webinars to inform students in a targeted and personal way;
- Thematic knowledge base: thematic articles on the most common topics across all counselling sessions;
- Targeted online promotion: campaigns to promote EduCoach services to prospective students, focusing also on countries in Eastern Europe;
- Recruitment best practice guide for Higher Education (HE) promoters condensing all expertise around student recruitment and the use of new generation communication tools for HE promotion.

## ANNEX 1 - Additional Erasmus Mundus funding for Eastern Partnership countries

In September 2011, the European Commission agreed on a package of measures aimed at supporting civil society in the EU's neighbouring countries. This including the channelling of additional funds into both the Eastern and Southern neighbourhood regions via Erasmus Mundus.

### **2011**

EUR 20 million was contracted in 2011. For the Eastern Partnership countries this allowed for two additional Erasmus Mundus partnerships to be selected in September from the reserve list of the 2011 Call for Proposals, for which the original selection was made in July 2011.

Countries covered	Coordinating institution	Project name
Belarus, Moldova, Ukraine	POLITECHNIKA WARSZAWSKA (PL)	EWENT
	MYKOLAS ROMERIS UNIVERSITY (LT)	EMP-AIM

These two partnerships provided for an additional 414 scholarships for candidates from Eastern Partnership countries on top of the 646 included within the projects originally selected in July.

### **2012**

Additional budget (EUR 5m) was allocated under Action 1 to allow for extra 57 Erasmus Mundus Masters scholarships to be awarded to candidates from the six countries.

Armenia 6, Azerbaijan 2, Belarus 7, Georgia 4, Moldova 4, Ukraine 34.

The additional budget almost doubled the funding that was originally available under the Action 2 Call. EUR 35 million was available to fund nine partnerships for the Eastern Partnership. Together the selected partnerships plan to organise mobility for 1637 non-EU and 424 EU nationals.

### **2013**

Additional budget (EUR 5.5m) has been allocated under Action 1 to allow for extra Erasmus Mundus Masters scholarships for candidates from Eastern Partnership countries. This has provided for 127 additional scholarships.

Armenia 19, Azerbaijan 6, Belarus 11, Georgia 14, Moldova 7, Ukraine 70.

## ANNEX 3 - Action 2 project examples: summary sheets

### 1. ALRAKIS

Title of proposal	<b>ALRAKIS</b>	
	Name of organisation	Country
Applicant	Göttingen University	Germany
Partner 1	Life Sciences University of Warsaw	Poland
Partner 2	Universidad Santiago de Compostela	Spain
Partner 3	University of Tallin	Estonia
Partner 4	Università di Tuscia	Italia
Partner 5	KU Leuven	Belgium
Partner 6	KTH Stockholm	Sweden
Partner 7	University of Graz	Austria
Partner 8	Ilia State University	Georgia
Partner 9	Shota Rustaveli State University	Georgia
Partner 10	Georgian Technical University	Georgia
Partner 11	Akaki Tsereteli State University	Georgia
Partner 12	Tbilisi State Medical University	Georgia
Partner 13	Baku State University	Azerbaijan
Partner 14	Qafqaz State University	Azerbaijan
Partner 15	Azerbaijan University of Languages	Azerbaijan
Partner 16	Yerevan State University	Armenia
Partner 17	Eurasia International University	Armenia
Partner 18	Yerevan State Medical University	Armenia
Associate 1	Georgian Agrarian University	Georgia
Associate 2	Naxchivan State University	Azerbaijan
Associate 3	Yerevan State University of Architecture and construction	Armenia
Associate 4	Compostela Group	Spain

Associate 5	Eurashe	Belgium
Associate 6	National Information Center for Academic Recognition and Mobility	Armenia
Associate 7	Ministry of Education and Science	Georgia
Associate 8	Ministry of Education	Azerbaijan
Associate 9	Chamber of Commerce and Industry of Yerevan	Armenia
Associate 10	Association of Young Financiers and Businessmen of Georgia	Georgia
Associate 11	Azerbaijan International Association of Turkish Industrialists and Businessmen	Azerbaijan
Associate 12	Black Sea University Network	Romania
Associate 13	Uppsala	Sweden
Countries targeted	Azerbaijan, Armenia, Georgia	
Project duration (months)	48 months	
Amount requested (EUR,)	3 300 000 EUR	
Official contact person (e.g. Rector)	Full name	Prof. Dr. Hiltraud Casper-Hehne
	Official address	Wilhelmsplatz 1
	Tel/fax	+49551393058
	E-mail	hiltraud.casper-hehne@zvw.uni-goettingen.de
Project contact person e.g. project co-ordinator	Full name	Dr. Uwe Muuss
	Postal address	Von sielbold str 4
	Tel/fax	+49551393885
	E-mail	Uwe.muuss@zvw.uni-goettingen.de
<p><b>Project objective:</b> The main objectives of the ALRAKIS project are:</p> <p>To improve capacity building of third countries</p> <p>To facilitate internationalisation of studies</p> <p>To promote gender balance and equal opportunities</p> <p>To generate research opportunities and increase human and economic capital in the Caucasian region</p> <p>To develop internship programmes</p> <p>To enhance regional inter-project coaching</p> <p>To increase employability of students</p> <p>To sustain long-term cooperation within the consortium based on mutual understanding and enrichment.</p>		
<p><b>Brief description:</b></p> <p>This project places an emphasis on research and innovation, bringing opportunities to all countries in the Caucasus. The implementation of individual mobilities, with special emphasis to research initiatives, is expected to close some existing gaps in education. The overall aim of the proposal is to</p>		

implement student and teaching staff exchanges respecting quality indicators while introducing a practice-based approach to education. In order to support research activities we intend to link the worlds of industry and education. This approach guarantees a positive impact of the mobility. The sustainability of the results and the dissemination of the expertise gained by the long-term cooperation between the European partners and the Caucasian partners will bring about new projects and (research) initiatives. Major efforts will be done to disseminate broadly the project, through a selected number of associated partners so that we can attract excellent Master and PhD students from target group II and III.

In total, 166 mobility flows are planned: 50 BA, 40 MA, 19 Post-docs, 32 PhD and 20 staff mobilities from which 6 will be oriented to academic exchange, 7 will be for personnel involved in research and innovation and 7 for personnel involved in institutional building. Each group will receive a tailor- made training program of 4 weeks at one of the EU institutions.

**Mobility Flow:**

Mobility Flow						
Type of Mobility	Outgoing	Third country	Incoming			TOTAL
	Europeans		Third-Country nationals			
	Target Group 1		Target Group 1	Target Group 2	Target Group 3	
Undergraduates	8	GE	15		3	50

## 2. EWENT

Title of proposal	<b>East-West European Network on higher Technical education (EWENT)</b>	
	<b>Name of organisation</b>	<b>Country</b>
Applicant	Warsaw University of Technology	Poland
Partner 1	Ecole Centrale de Nantes	France
Partner 2	Czech Technical University	Czech Republic
Partner 3	Dublin Institute of Technology	Ireland
Partner 4	University of the Basque Country	Spain
Partner 5	Università degli Studi di Trento	Italy
Partner 6	Budapest University of Technology and Economics	Hungary
Partner 7	Belarus National Technical University	Belarus
Partner 8	Brest State Technical University	Belarus
Partner 9	Technical University of Moldova	Moldova
Partner 10	National Technical University of Ukraine "KPI"	Ukraine
Partner 11	National Aerospace University "KhAI"	Ukraine
Partner 12	Lviv Politechnic National University	Ukraine
Partner 13	National Aviation University "NAU"	Ukraine
Partner 14	Donetsk National Technical University	Ukraine
Partner 15	Odessa National Technical University	Ukraine
Partner 16	Donbas State Technical University	Ukraine
Associate 1	Polish-Ukrainian Chamber of Commerce	Poland
Associate 2	Nikopol Region	Ukraine
	Chamber of Commerce and Industry	
Countries targeted	Belarus, Moldova, Ukraine	
Project duration (months)	48	

Amount requested (EUR)		3 299 800 EUR
Official contact person (e.g. Rector)	Full name	Włodzimierz Kurnik
	Official address	Plac Politechniki 1
	Tel/fax	+48 22 2347220/+48226216892
	E-mail	jmr@rekt.pw.edu.pl
Project contact person e.g. project co-ordinator	Full name	Robert Głębocki
	Postal address	St. Nowowiejska 24 00-665 Warsaw
	Tel/fax	+48 22 2345933 / +48 22 622
	E-mail	rglebocki@meil.pw.edu.pl

**Project objective:**

**East-West European Network on higher Technical education - EWENT** – project can be considered as an element of common Europe vision, especially in view of introducing former Soviet Union countries. The project aims mainly at launching a research and education network comprising HEIs from the European Union, Belarus, Moldova and Ukraine.

Belarus, Moldova and Ukraine are the close neighbours of the European Union. They also have the longest land border with EU. The common population of Lot8 countries is about 60 million people. All of them cooperate with European Union and some of them have aspiration to become in future a member of EU. Ukraine and Belarus have a long tradition of education, science, and industry. Ukraine and Moldova are in the process of diversifying their economies. All of Lot8 countries are now undergoing the diversification process of its economy and promoting a highly qualified workforce in the fields of engineering and technology. Therefore, the development of engineering has been one of the priorities of countries' governments. So, there is a need to contribute in numbers of institutes to the quality of higher education. So, there is a need to contribute in numbers of institutes to the quality of higher education. This new, highly qualified workforce in the fields of engineering and technology is the main target group of presented programme.

In that context, the EWENT project aims at collaborating with the Ukrainian, Belarusian and Moldovan HEIs in:

- Establishing the network for research and education cooperation between the HEIs from EU and Belarus, Moldova and Ukraine;
- Strengthening ties between Ukrainian, Belarusian, Moldovan and EU institutions covering the large part of the continent, and increasing the public awareness of European higher education in terms of quality, internationalisation and tradition and gain international visibility;
- Facilitating systematic mobility so as to enhance the results of education and research;
- Developing programs and coordinate activities to trigger international strategic cooperation in research and education;
- Offering talented students with the opportunity to study in another country;
- Providing research resources to EU and Lot8 countries research and education;
- Developing higher technical education teaching and learning capacities of countries and regions;
- Enhancing the skills and qualifications of visiting staff;
- Promoting European Union technical education standards to Belarus, Moldova and Ukraine;
- Promotion and improvement of European Union education system;
- Realizing the humanitarian purpose to provide European educational opportunities to the economically and physically and politically disadvantaged groups;
- Achieving the objectives of poverty reduction, sustainable development, and environmental protection under the international development agenda.

One project objective is to cooperate with Ukrainian, Belarusian, Moldovan Technical Universities in the promotion of the technical education among women and men, which are confronted with the issues relating to the transmission of knowledge and know-how in remote regions, with practices closely linked to their development priorities. This will contribute to promote common values of respect for human rights, fundamental freedoms, peace, democracy, good governance, and gender equality, the rule of law, solidarity and justice.

#### **Brief description:**

**East-West European Network on higher Technical education - EWENT** – project can be considered as an element of common Europe vision, especially in view of introducing former Soviet Union countries. The project aims mainly at launching a research and education network comprising HEIs from the European Union, Belarus, Moldova and Ukraine. Some of EWENT consortium partners have a long tradition in cooperation between EU and Lot8 countries. But this cooperation has been based mainly on bilateral agreements. Using the experience gained that way, we want to build a network allowing for collaboration in a much wider sense. To make this network wider and more open to the people from the whole EU and south east European countries, we have asked also some new partners, especially from western Europe and smaller Belarus, Moldova and Ukraine cities, having no experience in the subject. All the EWENT consortium members are very keen on the idea of building a wide education and research network in Europe. The power of our consortium consists also in the fact that it comprises members situated over the whole Europe, from Atlantic Ocean (Dublin) to the Black Sea (Odessa).

To make the collaboration network more effective the EWENT program is going to focus on engineering, technology and natural sciences. The specific feature of post soviet countries technical higher education consists in the fact that it concentrates much more on the theoretical issues as compared to the systems observed in western countries. It gives students very good theoretical background. The Western higher education systems are concentrated rather on practical issues with less attention paid to the theoretical ones. Therefore, most talented engineering students, educated in both systems, will be open minded and better prepared for the research and development activities. It is obvious that staff exchange will be beneficial as well. The collaboration seems to be very fruitful and the “East-West European Network on higher Technical education” project has a great potential to create a centre of excellence, developing also the human resources in both EU and Lot8 countries (Ukraine, Belarus, Moldova). These new leaders are the main target group of EWENT programme. The engineering education cooperation network can stay an “EU bridge to post soviet countries”. The EWENT project will contribute that way in putting into action the idea of transforming Europe into the scientific centre of excellence of the world. In our opinion, the needs for international collaboration in engineering and technology are much stronger than those observed in other fields. The mobility will provide students and research staff with the possibility of intellectual understanding and development of high education systems between EU and South East Europe countries. The presented EWENT programme, considered as a

starting point to establish the technical HEIs cooperation network, will be a good response to the globalisation process. Another reason, for which the EWENT programme consortium decided to focus on technical HEIs, consists in a specific model of technical education in post soviet countries. Technical higher schools in Ukraine, Belarus and Moldova are rather big (more than 10 thousand students), are situated rather in main cities and run by the government. There are no small private engineering HEIs. Similar models of technical education can be observed in new members of EU (Poland, Czech Republic, Hungary ...). The higher education in economy and social science former soviet countries was developed in the other way and except for big national universities, we can find many small private higher schools. The engineering education in these countries suffers from some specific problems well known to the EWENT consortium members, who decided to focus on higher education in engineering and natural science.

**Mobility Flow:**
