

2017 LUXURY GTX⁺ S™ 155

Sit back and enjoy the ride with a watercraft built for serious comfort thanks to Sea-Doo's exclusive suspension and Ergolock seat with stepped design. Long days of cruising just got more comfortable.

RIDER CAPACITY

Weight capacity 500 lb / 227 kg

DIMENSIONS

Fuel capacity	18.6 US gal / 70 l
Length	139.2" / 353.5 cm
Width	48.2" / 122.4 cm
Weight (dry)	1,018 lb / 462 kg
Storage capacity	16.6 US gal / 63 l

ENGINE

Type	Rotax® 1503 NA 4-TEC®
Intake system	Naturally aspirated
Displacement	1,494 cc
Cooling	Closed-Loop Cooling System (CLCS)
Reverse system	Electronic iBR
Starter	Electric
Fuel type	87 octane

Black & Deep Pewter Satin ●

HULL

Type	S ³
	<ul style="list-style-type: none"> • Longer platform • Rough water inspired deep-V hull • Stable and predictable

S SUSPENSION

ERGOLOCK™ SEAT WITH STEPPED DESIGN

iBR® (INTELLIGENT BRAKE & REVERSE)

CRUISE CONTROL

WATERTIGHT REMOVABLE STORAGE BIN

GLOVE BOX ORGANIZER KIT (OPTION)

ENGINE

1,494 cc four-stroke, Rotax with three cylinders in-line and four valves per cylinder

iTC™ (Intelligent Throttle Control) system
Operating electronically, this advanced throttle system starts you in neutral for easier dockside starts. It also features activity-specific Touring, Sport and ECO™ modes that can all be set to accommodate your riding style. The result is a more responsive, more intuitive ride.

iControl® Learning Key®
The programmable Learning Key allows you to limit the performance of the PWC based on rider skill-level.

D-Sea-Bel™ system
Combines a series of resonators and vibration-absorbing components to make Sea-Doo watercraft some of the quietest on the water.

Closed-Loop Cooling System
Uses coolant to keep the engine running at the ideal temperature, much like a car's radiator. Also keeps out corrosive saltwater and debris.

FEATURES

iControl
The "Brain" that integrates and controls all systems to create the best possible ride.

S suspension
Allows the hull to move independently of the upper deck, isolating rider and passengers from the impact of rough water. 5.5" of travel with manual adjustment under the seat so rider can adjust suspension to different water conditions and total passenger weight.

S³ Hull®
Stepped, stable & strong. The stepped design reduces drag and keeps you glued to the water.

Touring mode / Sport mode
Offers a choice between two throttle responses for different riding styles. Touring mode is the default setting offering a more progressive acceleration curve for a more confident ride – ideal for cruising and 2-up riding. Sport mode can be easily activated using the Sport button. It provides all acceleration performance for a more aggressive throttle response.

ECO mode
This iTC function automatically determines the most economical power delivery and sets the optimal RPM for greatest fuel economy.

Hinged seat
Easy-open seat with convenient stay-open support struts. Provides easy access to the engine compartment while remaining attached to the watercraft.

Ergolock seat with stepped design
Seat with narrow profile and knee support that lets people sit in a more natural position and leverage their leg muscles to hold on to the machine for more control and less upper body fatigue. Also featuring a stepped design for more comfort and better visibility to passengers.

Variable Trim System (VTS™)
The VTS adjusts the angle of the nozzle to change the behavior of the watercraft and improve parallelism to the water.

Reboarding platform with rear storage
Easy access to battery, fuses and storage.

Reboarding ladder
Makes reboarding from the water easier and quicker.

Ski tow eye
For easy and secure attachment of ski rope.

Watertight, removable storage bin
Provides dry storage for luggage and necessities with easy access.

Tilt steering
4 adjustable steering angles for maximum ease and comfort.

RF D.E.S.S.™ Key
With radio frequency technology and a ball-and-socket design, the Digitally Encoded Security System (D.E.S.S.) key provides riders with easy and quick starts every time.

Off-Throttle Assisted Steering (O.T.A.S.®)
Provides the operator with additional steering effect in off-throttle situations for greater maneuverability.

GTX S 155

FEATURES CONTINUED

Interactive Multifunction Digital Information Center
Cruise control, Slow mode, VTS, Fuel consumption instant & average, Fuel level, Tachometer, Speedometer, Hour meter, Compass, Clock, Touring mode, Sport mode, ECO mode, F-N-R indicator and more.

Handlegrips with palm rest

Sponsons

Bumpers

Wide-angle adjustable mirrors

Footwell carpets with Sea-Doo logo pattern

Swim platform carpet with Sea-Doo logo

Reboarding handles on rear platform

Rear grab handle

Seat strap

Quick latch fuel filler design

Front splash deflector

Dual drain plugs

Engine access cover (removable)

Flush kit

Emergency floating lanyard

Operator's guide, instructional video and booklet

PROPULSION SYSTEM

iBR (Intelligent Brake & Reverse) system
First and only true brake on a watercraft recognized by the U.S. Coast Guard for improving boating safety since 2009. Now in its 2nd generation, the intuitive and improved iBR allows you to stop close to 160 feet sooner¹ for greater peace of mind. All with the squeeze of a lever. And with its electronic reverse, it gives you a level of maneuverability that makes docking easier.

Stainless steel impeller
Delivers improved acceleration, higher top speed and less cavitation.

OPTIONS

- Wakeboard Rack
- Depth Finder
- Ski Module
- X package module (Time / distance to empty, Top / average speed / RPM, Lap timer and Engine temperature)
- Sea-Doo Speed Tie™
- Dry Bag
- Glove Box Organizer Kit
- Safety Equipment Kit
- Bilge Pump Kit
- Sandbag Anchor
- Fire Extinguisher
- Snap-in Fenders and Installation Kit
- Sea-Doo Move Trailer
- Watercraft Cover

WARRANTY

BRP limited warranty covers the watercraft for one year.
