

# 2017 LUXURY GTX<sup>+</sup> LIMITED S™ 260

This is top-of-the-line luxury. The GTX Limited S 260 comes standard with our exclusive suspension. Along with the stepped design Ergolock seat, plus watercraft cover, Sea-Doo Speed Tie and much more, it adds up to the ultimate in comfortable luxury.

## RIDER CAPACITY

Weight capacity 500 lb / 227 kg

## DIMENSIONS

Fuel capacity	18.6 US gal / 70 l
Length	139.2" / 353.5 cm
Width	48.2" / 122.4 cm
Weight (dry)	1,024 lb / 465 kg
Storage capacity	16.6 US gal / 63 l

## ENGINE

Type	Rotax® 1503 HO 4-TEC®
Intake system	Supercharged with external intercooler
Displacement	1,494 cc
Cooling	Closed-Loop Cooling System (CLCS)
Reverse system	Electronic iBR®
Starter	Electric
Fuel type	87 octane – minimum 91 octane – recommended

Jet Black Metallic & Deep Pewter Satin ●

## HULL

Type	S <sup>3</sup>
• Longer platform	
• Rough water inspired deep-V hull	
• Stable and predictable	

S SUSPENSION

ERGOLOCK™ SEAT WITH STEPPED DESIGN

EXCLUSIVE LIMITED PACKAGE

WATERTIGHT REMOVABLE STORAGE BIN

TILT STEERING

AIRFLOW PFD (OPTION)

## ENGINE

1,494 cc four-stroke, Rotax with three cylinders in-line and four valves per cylinder. Supercharged with an external intercooler, the advanced technology of the Rotax 1503 HO provides proven and reliable performance, with a maintenance-free booster.

iTC™ (Intelligent Throttle Control) system. Operating electronically, this advanced throttle system starts you in neutral for easier dockside starts. It also features activity-specific Touring, Sport and ECO™ modes that can all be set to accommodate your riding style. The result is a more responsive, more intuitive ride.

iControl® Learning Key®. The programmable Learning Key allows you to limit the performance of the PWC based on rider skill-level.

D-Sea-Bel™ system. Combines a series of resonators and vibration-absorbing components to make Sea-Doo watercraft some of the quietest on the water.

Closed-Loop Cooling System. Uses coolant to keep the engine running at the ideal temperature, much like a car's radiator. Also keeps out corrosive saltwater and debris.

## FEATURES

iControl. The "Brain" that integrates and controls all systems to create the best possible ride.

S suspension. Allows the hull to move independently of the upper deck, isolating rider and passengers from the impact of rough water. 5.5" of travel with manual adjustment under the seat so rider can adjust suspension to different water conditions and total passenger weight.

S<sup>3</sup> Hull®. Stepped, stable & strong. The stepped design reduces drag and keeps you glued to the water.

Touring mode / Sport mode. Offers a choice between two throttle responses for different riding styles. Touring mode is the default setting offering a more progressive acceleration curve for a more confident ride – ideal for cruising and 2-up riding. Sport mode can be easily activated using the Sport button. It provides all acceleration performance for a more aggressive throttle response.

ECO mode. This iTC function automatically determines the most economical power delivery and sets the optimal RPM for greatest fuel economy.

Ergolock seat with stepped design. Seat with narrow profile and knee support that lets people sit in a more natural position and leverage their leg muscles to hold on to the machine for more control and less upper body fatigue. Also featuring a stepped design for more comfort and better visibility to passengers.

Reboarding platform with rear storage. Easy access to battery, fuses and storage.

Reboarding ladder. Makes reboarding from the water easier and quicker.

Ski tow eye. For easy and secure attachment of ski rope.

Watertight, removable storage bin. Provides dry storage for luggage and necessities with easy access.

Tilt steering. 4 adjustable steering angles for maximum ease and comfort.

RF D.E.S.S.™ Key. With radio frequency technology and a ball-and-socket design, the Digitally Encoded Security System (D.E.S.S.) key provides riders with easy and quick starts every time.

Off-Throttle Assisted Steering (O.T.A.S.®). Provides the operator with additional steering effect in off-throttle situations for greater maneuverability.

Interactive Multifunction Digital Information Center. Cruise control, Slow mode, VTS preset, Fuel consumption instant & average, Fuel level, Tachometer, Speedometer, Hour meter, Compass, Clock, Touring mode, Sport mode, ECO mode, F-N-R indicator and more.

# GTX LIMITED S 260

## FEATURES CONTINUED

Handlegrips with palm rest	Seat strap
Sponsons	Quick latch fuel filler design
Bumpers	Front splash deflector
Wide-angle adjustable mirrors	Dual drain plugs
Hinged seat	Engine access cover (removable)
Footwell carpets with Sea-Doo logo pattern	Flush kit
Swim platform carpet with Sea-Doo logo	Emergency floating lanyard
Reboarding handles on rear platform	Operator's guide, instructional video and booklet
Rear grab handle	

## PROPULSION SYSTEM

iBR (Intelligent Brake & Reverse) system. First and only true brake on a watercraft recognized by the U.S. Coast Guard for improving boating safety since 2009. Now in its 2nd generation, the intuitive and improved iBR allows you to stop close to 160 feet sooner<sup>1</sup> for greater peace of mind. All with the squeeze of a lever. And with its electronic reverse, it gives you a level of maneuverability that makes docking easier.

Stainless steel impeller. Delivers improved acceleration, higher top speed and less cavitation.

## LIMITED PACKAGE

High-performance VTS™ (Variable Trim System)	The VTS adjusts the angle of the nozzle to change the behavior of the watercraft and improve parallelism to the water. The high-performance VTS provides pre-set positions for quick settings.
Additional gauge functions	Depth finder, Time / Distance to empty, Altitude indicator, Water temperature.
Sea-Doo Speed Tie™	Automatic retractable mooring lines eliminate the hassles of traditional docking lines.
Dry bag	Keeps contents dry and converts to backpack when removed.
Safety equipment kit	Contains all the essential safety equipment.
Glove box organizer kit	Ideal to keep gear or cell phone dry; removable and splash-resistant.
Watercraft cover	Protect your PWC.
Exclusive coloration	

## OPTIONS

- Wakeboard Rack
- Ski Module
- X package module (Top / average speed / RPM, Lap timer and Engine temperature)
- Bilge Pump Kit
- Sandbag Anchor
- Fire Extinguisher
- Snap-in Fenders and Installation Kit
- Sea-Doo Move Trailer

## WARRANTY

BRP limited warranty covers the watercraft for one year.
