Accidental Injury: Any bodily injury sustained while the insurance is in force, directly and solely due to an external, sudden, violent and unintentional cause and requiring within thirty (30) days of the accident the care of a physician.

Dissolution of the marriage through divorce or annulment, or a de facto separation of more than three (3) months for participants who are not married, results in the loss of status as spouse.

b) Dependent Child

An unmarried child of the participant or the spouse, or both, or a child living with the participant for whom adoption procedures are under way, residing or domiciled in Canada, who depends on the participant for support, and who satisfies one of the following conditions:

Disability Period: Any continuous period of disability or series of successive disability periods separated by less than:

- thirty-five (35) days of active, full-time work or availability for full-time work,
- or
- eight (8) days of active, full-time work if the disability period that precedes the participant's return to work is equal to or less than three (3) calendar months, not including the period between the end of the work year and the beginning of the next work year and the annual vacation period for teachers in the adult education and vocational education sectors,

unless the participant can present satisfactory proof that a subsequent disability period is attributable to an illness or accident completely unrelated to the cause of the previous disability.

Eligibility Period: The continuous period, as specified in the Summary of Benefits, during which an employee must be actively at work before being eligible for coverage under this insurance.

Elimination Period: The continuous period indicated in the Summary of Benefits during which a participant must be absent from work due to disability before he or she can begin to receive disability income benefit payments under a disability income benefit.

Employee: A full-time or part-time teacher who is a member of QPAT.

Illness: Any deterioration in health requiring regular, continuous and curative care actively provided by a physician and satisfactory to the insurer, and whose default would bring deterioration of the person's health.

Insured Person: The participant and the dependents of the participant insured under this plan.

The insured person must at all times be covered under a government health plan and live in Canada permanently (at least one hundred and eighty-two [182] days a year), in order to be eligible under the present plan and to maintain his or her rights to insurance, unless otherwise agreed previously with the insurer or unless mention to the contrary is made in the present plan.

- b) the employee's annual Québec or Canada Pension Plan contribution;
- c) income tax deducted according to the tax tables established under the Canadian Income Tax Act and the income tax act of the participant's province of residence.

PARTICULARS

PLAN AMENDMENT

The benefits herein provided are complementary to the benefits provided by government plans. Any modification brought to one of these plans after the effective date of the present plan will in no way modify the benefits herein provided, unless an agreement is signed by the authorized officers of the insurer and the policyholder.

MEDICAL SERVICES AND/OR SUPPLIES COVERED BY A GOVERNMENT SPONSORED PLAN OR PROGRAM

There will be no coverage under the group policy for any expenses related, directly or indirectly, to any medical services and/or supplies which would have been covered by a government sponsored plan or program if the insured person had not elected to receive the services and/or supplies on a private basis from a medical practitioner, medical facility, clinic or hospital, whether private or public, unless the services and/or supplies are explicitly stated as being covered under the group policy.

INCONTESTABILITY

Where evidence of insurability is required by the insurer in order to approve

- a) insurance or a benefit for a participant or a dependent; or
- b) an increase, addition or change in the insurance or benefit for a participant or dependent;

the statements provided by the participant or dependent as evidence of insurability will be accepted as true and will not be contested by the insurer after the latest of the following dates, provided the participant or dependent is alive at the time:

- a) two (2) years from the effective date of the insurance or benefit for which the evidence was provided; or
- b) two (2) years from the effective date of the increase, addition or change to the insurance or benefit; or
- c) two (2) years from the effective date of the last reinstatement of the insurance or benefit.

However, this restriction on the insurer's right to contest the evidence of insurability will not apply in cases of fraud or misstatements of age.

Where evidence is required to approve an increase, addition or change in the insurance or benefit, the insurer's right to void the insurance or benefit will be limited to that increase, addition or change.

RENUNCIATION

In a case where the insurer does not require compliance with a provision of this plan, such occurrence in no way creates a commitment to act likewise in the event of a subsequent breach of the same provision. Moreover, no approval by the insurer of any act, on the part of the policyholder or of a participant, for which such approval was required, shall exempt the policyholder or the participant from having to obtain the insurer's approval for any subsequent similar act.

INDIVIDUAL CERTIFICATES

The insurer issues individual certificates to be delivered by the policyholder to each participant.

LAWFUL CURRENCY

All payments hereunder will be made in the lawful currency of Canada and according to the exchange rates effective at the time the event giving entitlement to benefits took place.

BENEFICIARY

The participant's beneficiary shall be the person or persons designated by the participant, in writing, to receive the death benefit payable under the Participant's Life Insurance benefit, and if applicable, the Participant's Accidental Death and Dismemberment Insurance benefit, Participant's Optional Life Insurance benefit and Participant's Optional Accidental Death and Dismemberment Insurance benefit. If the participant does not designate a beneficiary, any death benefit payable under such benefits will be payable to the participant's estate.

All benefits, other than the Participant's Life Insurance benefit, Participant's Accidental Death and Dismemberment Insurance benefit, Participant's Optional Life Insurance benefit and Participant's Optional Accidental Death and Dismemberment benefit, will be payable only to the participant, or if the participant is deceased at the time of the payment of the benefit, to his estate.

The participant will be able to designate a beneficiary or change a named beneficiary by a signed written declaration, subject to the provisions of the law.

The insurer will not be responsible for the sufficiency or validity of the beneficiary designation or change of beneficiary.

If the participant had named a beneficiary under the Policyholder's prior group policy, such designation will be applicable to the insurance provided under this policy, unless the participant has changed the designation in writing with the insurer. The participant should review the beneficiary designation made under the Policyholder's prior group policy to ensure that it reflects the participant's current intentions in regard to his insurance.

This policy contains a provision removing or restricting the right of the group insured to designate persons to whom or for whose benefit insurance money is to be payable.

INSURANCE

ELIGIBILITY

- a) The following persons are eligible for the Participant's Life Insurance, the Participant's Additional Life Insurance, the Dependents' Life Insurance, the Health Insurance and the Long-Term Disability Income Insurance:
 - i) any full-time teacher;
 - ii) any part-time teacher.
- b) An employee's eligibility begins:
 - i) on the effective date of this plan, if he or she is working for a board on that date;
 - ii) in all other cases, on the date stipulated in the Summary of Benefits, if applicable.
- c) Any dependent of a participant is eligible for the insurance, either on the same date as the participant if he or she is already a dependent, or on the date on which he or she becomes a dependent.

When a dependent ceases to be insured under a group insurance plan that includes similar benefits, he or she is eligible for this insurance on the date on which he or she ceases to be insured under the said plan.

PARTICIPATION IN HEALTH INSURANCE

Participation in this insurance is mandatory for all employees who fulfil the requirements with regard to eligibility described in the ELIGIBILITY provision above.

However, with prior written notice from his or her employer, an employee may refuse or cease participation in the said benefit as of the end of the premium period stipulated in the notice, provided he or she can provide satisfactory proof that he or she is insured under group insurance coverage with similar benefits.

An employee who refused or ceased participation in Health Insurance in accordance with the provisions of the preceding paragraph, may participate in this insurance under the following conditions:

- a) He or she must establish to the insurer's satisfaction that:
 - i) he or she was formerly insured under the said benefit, or under a health insurance component of some other plan containing similar benefits;

- ii) he or she is no longer able to continue participation in the said benefit or plan;
 - iii) his or her application is presented within a period of sixty (60) days following termination of his or her insurance. If he or she applies more than sixty (60) days following the termination of his or her insurance, the insurance provided under the Health Insurance benefit will not take effect until the first day of the month following the end of a sixty (60) day period beginning on the date the application is received by the insurer.
- b) For employees who, prior to their application, were not insured under the Health Insurance benefit, the insurer cannot be held responsible for the payment of benefits that may be payable by the previous insurer under an extended coverage or conversion provision.

Any employee having one or more dependents may insure himself or herself as an employee without dependents, or as an employee with dependents, as the case may be, by completing a form and sending it to the insurer via the employer.

In the case of Part-time Teachers, if this form is completed more than sixty (60) days following the date on which his or her dependents become eligible, the employee or retiree must, at his or her expense, provide satisfactory evidence of insurability for his or her dependents. Dependents will be eligible for coverage under the drug coverage of the present contract on the date of the application, and all additional benefits on the date the evidence of insurability is accepted by the insurer.

Any Full-time teacher may insure his or her dependent children, or his or her spouse and dependent children under the Health Insurance benefit.

Any Part-time teacher may insure his or her dependent children, or his or her spouse and dependent children, under the drug section of the present contract.

PARTICIPATION IN LIFE INSURANCE

Participation in Life Insurance is optional, and assumes participation in Health Insurance unless an exemption is granted under the provisions described in the PARTICIPATION IN HEALTH INSURANCE section.

Any eligible employee who wishes to participate in this benefit must complete an application, and submit evidence of insurability deemed satisfactory by the insurer for any amount in excess of the non-evidence maximum.

Any employee may insure his or her dependent children, or his or her spouse and dependent children, under the Dependents' Life Insurance benefit.

PARTICIPATION IN LONG-TERM DISABILITY INCOME INSURANCE

Participation in this benefit assumes participation in Health Insurance unless an exemption is granted under the provisions described in the PARTICIPATION IN HEALTH INSURANCE section.

Participation in Long-Term Disability Income Insurance is mandatory for full-time teachers, and optional for part-time teachers.

However, a full-time teacher may be exempted from participating if he or she submits a request to his or her employer, and establishes to the insurer's satisfaction that he or she fulfils at least one of the following conditions:

- a) He or she is a member of the *Teachers' Pension Plan (TPP)*;
- b) He or she is a member of the *Régime de retraite des fonctionnaires (RRF)*, the *Régime de retraite de certains enseignants (RRCE)*, or the *Régime de retraite des enseignants et des organismes public (RREGOP)*, and is at least fifty-three (53) years of age;
- c) He or she is a member of a professional association and is insured under a similar group insurance benefit (proof that the said participant's insurance is in force, along with a copy of the policy, must be attached to the participation exemption request);
- d) He or she requests or has requested a retirement departure without the option of returning, if the said retirement departure must be taken within two (2) years from the date of the request for exemption from participation in this coverage (a copy of the departure agreement must be attached to the participation exemption request).

Any eligible employee who wishes to participate in this benefit must complete an application to this effect and send it to the insurer via his or her employer.

No evidence of insurability is required for employees who become eligible after the effective date of this plan, and who have completed and sent an application to the insurer within sixty (60) days from the date on which they became eligible under this benefit.

EFFECTIVE DATE OF INSURANCE UNDER THE HEALTH INSURANCE BENEFIT

- a) The employee's insurance, regardless of his or her insurability status, takes effect on the effective date of this plan, if he or she fulfils the requirements with regard to eligibility at that time, otherwise it takes effect on the day he or she fulfils these requirements.

In accordance with the stipulations of the PARTICIPATION IN HEALTH INSURANCE provision, the insurance of an employee who refused or

ceased participation in the plan, under the stipulations of the said provision, take effect on the first day of the month during which the insurer receives the application.

- b) The dependents' insurance takes effect on the later of the following dates:
- i) the date on which the employee's insurance takes effect, or
 - ii) the date on which they become dependents of the employee;
 - iii) the date the application is received, if the dependent meets the conditions of the plan.

In the case of Part-time Teachers, if the application for dependents' coverage is received after the sixty (60) days following their eligibility date, evidence of insurability will be required.

Dependents will be eligible for coverage under the drug section of the present plan on the date of the application, and all additional benefits on the date the evidence of insurability is accepted by the insurer.

EFFECTIVE DATE OF INSURANCE UNDER THE LIFE INSURANCE BENEFIT

- a) Current employees who were insured under the former life insurance benefit in force immediately prior to the effective date of this plan:

The insurance for such employees begins on the effective date of the contract, provided they were then actively at work, otherwise, on the date of their return to work.

- b) Employees who become eligible after the effective date of this contract:

The insurance for such employees begins on the date they become eligible, provided they complete an application and send it to the insurer within sixty (60) days of this date, and provided they were then actively at work, otherwise, on the date of their return to work.

If the application is completed and received by the insurer after this sixty (60) day period, the employee must provide, at his or her expense, satisfactory evidence of insurability. He or she is enrolled in the insurance on the first day of the month following receipt by the employer of the insurer's approval of the application if the said evidence was accepted within a period of thirty (30) days following receipt of the last evidence to be provided by the employee, provided he or she was then actively at work, otherwise, on the date of his or her return to work.

If the evidence of insurability is not accepted by the insurer within the said thirty (30) day period, the insurance will take effect on the date that corresponds to the first day of the month following a period of thirty (30)

days following receipt of the last evidence to be provided by the employee, provided he or she was then actively at work, otherwise, on the date of his or her return to work, provided that the evidence of insurability is, in the end, accepted by the insurer.

- c) The dependents' insurance takes effect on the latest of the following dates:
 - i) the date on which the employee's insurance takes effect;
 - ii) the date that corresponds to the first day of the month following the employer's receipt of the insurer's acceptance of the evidence of insurability with respect to the employee's dependents;
 - iii) the date on which he or she becomes a dependent of the employee.

EFFECTIVE DATE OF INSURANCE UNDER THE LONG-TERM DISABILITY INCOME INSURANCE BENEFIT

- a) Current employees who were insured under the former long-term disability income insurance benefit in force immediately prior to the effective date of this plan:

The insurance for such employees begins on the effective date of the plan, provided they were then actively at work, or actively at work on the last day they should normally have been at work, otherwise, on the date of their return to work.

- b) Employees who become eligible after the effective date of the present plan:

The insurance for such employees begins on the date on which they become eligible, provided they complete an application and send it to the insurer within sixty (60) days of this date, and provided they were then actively at work, otherwise, on the date of their return to work.

If the application is completed and received by the insurer after this sixty (60) day period, the employee must provide, at his or her expense, satisfactory evidence of insurability. He or she is enrolled in the insurance on the first day of the month following the employer's receipt of the insurer's approval of the application if the said evidence was accepted within a period of thirty (30) days following receipt of the last evidence to be provided by the employee, provided he or she was then actively at work, otherwise, on the date of his or her return to work.

If the evidence of insurability is not accepted by the insurer within the said thirty (30) day period, the insurance will take effect as of the date that corresponds to the first day of the month following a period of thirty (30) days following receipt of the last evidence to be provided by the employee, provided he or she was then actively at work, otherwise, on the date of his

INTERRUPTION OF A PARTICIPANT'S INSURANCE

- a) In the case of a temporary absence without pay as stipulated in the agreement, participation is suspended (with the exception of the Health Insurance benefit of the present plan, provided premiums continue to be paid) for the duration of the absence, and resumes automatically upon active return to work with pay. However, the participant may maintain his or her participation in all benefits in force by paying, via his or her employer, the total premium stipulated under the present plan in accordance with the situation that prevailed prior to the beginning of this temporary absence without pay.
- b) In the case of a temporary absence with pay, participation remains in force for all benefits.
- c) In the case where a participant is dismissed and the dismissal is contested by way of a grievance or arbitration under the labour law, the participant may maintain in force the insurance provided under the benefits in which he or she was participating in accordance with the situation prior to the date of the contested dismissal, by paying, via the employer, the total premium stipulated in the plan, until judgment is made.
- d) Participants who do not take advantage of the provisions under this clause enabling them to maintain the insurance in force from the beginning of their temporary absence without pay, cannot do so later during this absence.
- e) If the insurance remains in force, a disability beginning during a temporary interruption in work is considered to have begun on the date on which the participant should normally return to work.

BENEFITS

CLAIMS NOTICE

Health Insurance:

The insurer must be notified of any claim for Health Insurance within twelve (12) months immediately following the date of the event which gives entitlement to benefits, on forms provided by the insurer and, if applicable, with satisfactory written proof.

However, no delay in presenting the documents required by the insurer may be held against the participant if he or she demonstrates that the documents were submitted as soon as possible.

Participant's Life Insurance, Participant's Additional Life Insurance, Dependents' Life Insurance, Long-Term Disability Income Insurance:

All claims must be submitted on forms provided for that purpose by the insurer within the ninety (90) days immediately following the date of the event which gives entitlement to benefits, and satisfactory written proof must be provided to the insurer within five (5) months immediately following the date benefits became payable.

However, no delay in presenting the documents required by the insurer may be held against the participant (or his or her claimants, if applicable) if he or she demonstrates that the documents were submitted as soon as possible.

The insurer reserves the right to require additional proof or information whenever it deems necessary and to have the insured person examined by a physician of its choice.

Notwithstanding any provisions to the contrary, upon cancellation of the plan, any income disability claim must be submitted to the insurer within six (6) months of the onset of such disability. Any other claim must be submitted within ninety (90) days following cancellation of the plan.

The insurer will undertake all necessary actions to detect and investigate fraudulent claims under the group policy.

It is a crime if a participant should knowingly, and with the intent to defraud the insurer and the group plan, file a claim that contains any false, incomplete or misleading information.

The insurer retains the right to audit all claims at any stage, including after payment has been made, for fraud or misrepresentation. If the insurer determines that a participant has intentionally submitted a claim that contains false or misleading information, the insurer shall have the right, at its sole discretion, to notify the policyholder, decline the claim or require reimbursement if the claim has been paid. In addition, the insurer will have the right to terminate the participant's entire coverage under this policy including any coverage for the participant's dependents, and will have the right to undertake the prosecution of the participant in accordance with provincial and/or federal law.

SUBROGATION

(This provision is not applicable to the Life Insurance and Accidental Death and Dismemberment benefits, if applicable.)

Where a benefit is payable under the group policy with respect to a participant or to a dependent of a participant and if such person has a right to recover damages from an individual or organization, the insurer will be subrogated to the rights to recovery of the participant or dependent against such individual or organization to the extent of all benefits paid in the past and all benefits payable in the future.

Without limiting the generality of this provision, the term "damages" will include any lump sum or periodic payments received on account of (i) past, present or future loss of income, loss of wages, or loss of earnings, and (ii) any other benefits paid or payable under the group policy. The participant or dependent shall reimburse the insurer up to the amount of any benefits paid in the past or that are payable in the future under the group policy out of the gross damages recovered whether recovered at trial, or prior to trial by way of any form of settlement, and without regard to whether the participant or dependent has obtained full recovery of his losses.

Where the participant or dependent recovers damages in a lump sum, either by way of settlement or court order, and no allocation has been made in that settlement for the benefits paid or payable by the insurer, the insurer shall be reimbursed, out of the gross damages recovered, the full amount of benefits that have been paid to the participant or dependent. The insurer shall also be entitled to be reimbursed an amount, as determined by the insurer, which reasonably reflects the value of the future benefits payable to the participant or dependent under the group policy. The insurer's recovery in this regard shall not exceed the participant or dependent's gross damages or settlement recovered. These rights of reimbursement shall be without regard to the terms of settlement or allocation that may have been agreed to by the participant or dependent and the third party or otherwise allocated.

In the event that the participant or dependent fails to reimburse the insurer in accordance with the group policy, no future benefits will be paid by the insurer until

such time as the insurer recovers (a) the total amount of benefits paid to the participant or dependent; and (b) an amount that reasonably reflects, as determined by the insurer, the total amount or value of any future benefits payable to the participant or the dependent. The insurer's recovery in this regard shall not exceed the participant or dependent's gross damages or settlement recovered. The insurer shall also have the right to seek recovery directly from the participant or dependent in the event that any overpayment has resulted from the lack of reimbursement.

The participant shall notify the insurer as soon as any action is commenced by him or his dependent against any third party which involves a claim for damages. The participant or dependent shall provide the insurer information, including copies of all relevant documentation, about any judgement or settlement of any claim against a third party which involves a claim for damages. The participant or the dependent will ensure that the subrogated rights of the insurer are advanced in any third party action and shall instruct his solicitor accordingly. The insurer shall not be responsible for any legal fees or expenses in regards to the advancement of its subrogated claim unless it has clearly agreed to such fees and expenses in writing in advance. The insurer reserves the right to retain its own counsel and/or pursue its subrogated rights against the third party and, in this respect, the participant/dependent and his solicitor shall fully cooperate with the insurer in the pursuit of its claim.

The insurer's subrogated claims shall not be settled or compromised in any way without its prior written consent. Unless the prior consent of the insurer has been obtained, no such settlement of any claim against the third party shall be binding on the insurer and the insurer shall have the right to seek recovery directly from the participant or dependent in accordance with its rights under the group policy.

MEDICAL EXAMINATION

The insurer has the right to require, as often as deemed necessary and at its own expense, a medical examination of any person for whom a claim is submitted and to obtain the report of any physician or any dentist having examined such person.

Failure on the part of an insured person to submit to such examination results in the loss of any right to benefits.

BENEFIT PAYMENT

The insurer will pay the benefits according to the terms of the contract, within thirty (30) days following the receipt of the required satisfactory proof of claim. However, in the case of disability claims, the thirty (30) days commence from the expiry of the elimination period if such date is subsequent to submitting satisfactory proof of

claim. Payments are made according to the terms and conditions of the contract with retroactive adjustments.

Disability income benefits payable to a participant incapable of managing his or her assets and giving receipt are paid to the guardian or curator. However, after a six (6) month period following the date the participant was declared unfit by a physician, the insurer will continue to pay the benefits provided the institution of a protective supervision is undertaken.

LIMITATION ON LEGAL ACTIONS

No action or proceeding against the insurer shall be commenced within the first sixty (60) days following the date on which written proof of claim is provided to the insurer in accordance with the terms and conditions of this policy.

Every action or proceeding against an insurer for the recovery of insurance money payable under this contract is absolutely barred unless commenced within the time set out in the *Insurance Act*, or other similar applicable legislation (e.g. *Limitations Act, 2002* [Ontario]; *Civil Code* [Quebec]) in the participant's province.

PARTICIPANT'S LIFE INSURANCE

Upon your death, if the present benefit was chosen, the insurer undertakes to pay to the beneficiary the sum insured as indicated in the Summary of Benefits, based on the class to which you belong, and subject to the terms and conditions hereinafter specified.

CONVERSION PRIVILEGE

If you have not attained age sixty-five (65) and your group coverage is cancelled due to termination of employment or of group membership, and not because of cancellation of this plan (subject, however, to any legal provision to this effect), you can, within thirty-one (31) days of such cancellation, convert all or part of your life insurance coverage into an individual life insurance contract of a type usually issued by the insurer, without having to provide evidence of insurability. You may choose one of the following types of insurance:

- permanent;
- term to age sixty-five (65);
- one-year (1) term convertible into permanent or term to age sixty-five (65) at the end of one (1) year.

In all cases, the face amount of the individual policy is the least of the following amounts, whether you be insured by more than one life insurance benefit, optional life insurance benefit or by more than one group insurance policy issued by the insurer:

- a) The amount selected at the time of conversion;
- b) The amount for which you were insured immediately prior to the termination of your insurance;
- c) The difference between the amount for which you were insured immediately prior to the termination of your insurance, and the amount for which you are eligible under a new group life insurance contract;
- d) Two hundred thousand dollars (\$200,000).

When termination of eligibility for insurance is due to cancellation or modification of the group policy, only those participants insured for a continuous period of five (5) years may exercise this conversion privilege.

Such individual insurance policy shall not contain a disability clause, nor an accidental death and dismemberment clause, and the premium shall be based on

the insurer's rates in effect which apply to the plan and to the amount of such policy, according to your age and to the class of risk to which you belong.

The said policy will only be issued if the insurer receives a written request to that effect, together with a deposit covering the monthly premium for a one-year (1) term policy within thirty-one (31) days following the date of the termination of your insurance, and will take effect only at the expiration of that period.

Should you die during the period of thirty-one (31) days following the termination of your insurance, the insurer shall pay an amount equal to the convertible amount of insurance prior to the termination of your insurance.

WAIVER OF PREMIUMS

- a) If you are under sixty-five (65) years of age and become disabled, you are eligible for waiver of premiums under this benefit, if you became disabled according to the definition of *Disability* of the present contract and fulfill the following conditions:
 - i) You are less than sixty-five (65) years of age at the onset of disability;
 - ii) You became disabled according to the definition of Disability in the GENERAL PROVISIONS, before the termination of employment and while insured under the present benefit;
 - iii) You have been disabled for at least six (6) continuous months. Proof of disability must be satisfactory to the insurer and must be submitted within nine (9) months from the onset of disability, at no expense to the insurer.

The amount of insurance for which waiver of premiums is granted will not be greater than that which was in force on your life at the onset of disability; this amount will be subject to reduction and termination as indicated in the Summary of Benefits, if applicable, as if you were actively at work.

- b) Waiver of premiums begins on the day following a continuous period of six (6) months of disability.
- c) If premiums are waived under this article, you must provide the insurer with proof of disability, as often as the insurer may reasonably require. Such proof is to be provided at no expense to the insurer.
- d) The waiver of premiums terminates on the earliest of the following dates:
 - i) The date on which you cease to be disabled;
 - ii) The date on which you fail to submit to an examination by the physician designated by the insurer;

- iii) The date on which you retire or reach the normal retirement age under the employer's pension plan, but never beyond the normal retirement age indicated in the Summary of Benefits of the present plan;
- iv) The date on which you reach age sixty-five (65);
- v) The date on which you fail to provide any proof of disability required by the insurer.

PARTICIPANT'S ADDITIONAL LIFE INSURANCE

You may obtain an amount of additional life insurance if you so request and furnish evidence of insurability satisfactory to the insurer.

If you wish to submit an application for participation in the present benefit, you should have the maximum amount of insurance with evidence of insurability from the PARTICIPANT'S LIFE INSURANCE BENEFIT of the present plan.

The sum insured under this benefit is indicated in the Schedule of Benefits, according to the class to which you belong and the amount of coverage chosen.

The insurer undertakes to pay to the beneficiary the sum insured at the time of death, subject to the terms and conditions hereinafter specified.

EXCLUSION

If you commit suicide, while sane or insane, less than twelve (12) months after the beginning of your coverage under this benefit (or under the benefit of the previous insurer), the insurer will only refund the premiums paid and such refund will constitute a full discharge of the insurer's liability under this benefit.

The twelve (12) month period starts anew on the date:

- a) the additional life insurance is reinstated;
- b) the additional life insurance amount is increased at your request, but only for the supplementary amount of insurance.

WAIVER OF PREMIUMS

If premiums are waived under the article *Waiver of Premiums* of your life insurance benefit, you are also entitled to waiver of premiums for the present benefit, under the same conditions.

SPECIAL PROVISIONS

Any other provisions of the PARTICIPANT'S LIFE INSURANCE benefit forms an integral part of the present benefit.

DEPENDENT'S LIFE INSURANCE

Upon the death of an insured dependent, if the present benefit was chosen, the insurer undertakes to pay to the participant the benefits specified herein, subject to the terms and conditions hereinafter specified.

The sum insured under this benefit, based on the class to which you belong, is shown in the Summary of Benefits.

WAIVER OF PREMIUMS

If premiums are waived under the article *Waiver of Premiums* of your life insurance benefit, you are also entitled to waiver of premiums for the present benefit, under the same conditions.

Moreover, if you are not covered under the LIFE INSURANCE BENEFIT, you are entitled to waiver of premiums for the present benefit, subject however to all other provisions described under *Waiver of Premiums* of the LIFE INSURANCE BENEFIT.

LONG-TERM DISABILITY INCOME INSURANCE

If you become disabled due to illness or accidental injury and if the present benefit was chosen, the insurer undertakes to pay you the monthly indemnity specified herein for each month or part of a month (one-thirtieth (1/30) of the monthly indemnity for each day) during which the disability lasts, subject to the terms and conditions hereinafter specified.

PARTICULARS

Beginning of Benefits

Payment of monthly indemnity begins following expiry of the elimination period specified in the Summary of Benefits.

Amount of Benefits

The amount of monthly indemnity payable under this benefit is determined according to a formula set forth in the Summary of Benefits and may not exceed the monthly maximum amount therein specified.

Reduction of Benefits

The monthly indemnity payable under this benefit will be reduced, after the application of the monthly maximum indicated in the Summary of Benefits, by:

- a) any remuneration received from the employer;
- b) the net initial monthly amount of any disability benefit payable in relation to the disability in question by the employer's pension plan.

Moreover, when the aforementioned disability benefits and the gross initial monthly amount of any disability benefits that are payable or which would have been payable had you made a satisfactory application under:

- a) the Québec or Canada Pension Plan, excluding benefits payable on behalf of dependent children;
- b) a workers' compensation act;
- c) a provincial automobile insurance law;
- d) a provincial crime victims compensation act;
- e) any other provincial labour legislation of your province of residence

exceed the OVERALL MAXIMUM, as defined in the Summary of Benefits, the amount of the disability benefit payable by the insurer is then adjusted so as to not exceed the maximum.

Future cost of living adjustments made to amounts received from any of the above-mentioned sources will not bring about further reductions.

Termination of Benefits

The monthly indemnity ceases on the earliest of the following dates:

- a) The date on which you cease to be disabled;
- b) The date on which you reach the age of sixty-five (65);
- c) The date on which you retire or reach the normal retirement age under the employer's pension plan, but never beyond the normal retirement age indicated in the Summary of Benefits of the present plan;
- d) The date of your death;
- e) The date on which you fail to submit to an examination by the physician designated by the insurer within thirty-one (31) days of written request by the latter;
- f) The date on which you fail to provide any evidence of disability required by the insurer within thirty-one (31) days of written request by the latter;
- g) The date on which you refuse to participate in a rehabilitation program or to engage in rehabilitation employment which the insurer and its consulting physicians deem reasonably appropriate.

SUCCESSIVE PERIODS OF DISABILITY

If you return to active work and again become disabled while the coverage is in force, within the period equivalent to a disability period as described in the GENERAL PROVISIONS, and if such disability results from the same cause as the previous disability or from related causes, this is considered to be a continuation of the previous disability.

However, if you return to active work and again become disabled while the coverage is in force, due to an illness or accidental injury totally unrelated to the previous cause of disability, the disability is considered to be a new disability and a new elimination period will apply.

EXCLUSIONS AND LIMITATIONS

- a) The benefit specified herein does not cover any disability:
 - i) during which you are not under the regular and continuous care of a physician or a specialist, except in the case of a stationary state recognized by a physician or a specialist, to the insurer's satisfaction;
 - ii) resulting from committing or attempting to commit a criminal act, active participation in a riot or insurrection, or intentionally self-inflicted injuries, whether you were conscious or not of your actions;
 - iii) resulting from esthetic treatments;
 - iv) resulting from alcoholism or drug addiction, unless you are receiving medical treatment or care in view of rehabilitation, to the insurer's satisfaction;
 - v) resulting directly or indirectly from a war (whether war be declared or not), or a civil war;
 - vi) during which you are entitled to indemnities or benefits, related or not to your disability, under the Employment Insurance Act;
 - vii) during which you were performing a gainful occupation, unless it is rehabilitation employment;
 - viii) resulting from a flight or attempted flight on board an airplane or other aircraft if you are part of the crew or perform any function relating to the flight, or participate in the flight as a parachutist;
- b) If you are out of Canada and the United States for a period of ninety (90) consecutive days or more, you will no longer be entitled to the indemnity under the present benefit and such entitlement will be restored only upon your return, subject to all other provisions of the present benefit.
- c) The insurance provided herewith does not cover any disability resulting from an illness or accidental injury which occurs during a strike, lock-out or temporary layoff, if your benefit is not kept in force during the strike, lock-out or temporary layoff.

However, if your benefit is kept in force, the elimination period of the disability income benefit begins on the date you would have returned to work.

WAIVER OF PREMIUMS

If premiums are waived under the article *Waiver of Premiums* of your life insurance benefit, you are also entitled to waiver of premiums for the present benefit, under the same conditions.

Moreover, if you are not covered under the LIFE INSURANCE BENEFIT, you are entitled to waiver of premiums for the present benefit, subject however to all other provisions described under *Waiver of Premiums* of the LIFE INSURANCE BENEFIT.

REHABILITATION PROGRAM

If, on the prescription and under the supervision of your physician, you register for a rehabilitation program approved by the insurer, you are eligible to receive the indemnity payable under this benefit, in addition to receiving the remuneration payable under this rehabilitation program.

However, the sum of the remuneration payable under the rehabilitation program and the monthly indemnity under this benefit must not exceed the monthly salary you were being paid at the onset of disability. If this sum exceeds one hundred per cent (100%) of the net monthly salary determined at the onset of disability, the income payable under this benefit will be reduced so as not to exceed this salary.

INDEXATION

The initial amount of the indemnity provided herein is adjusted on the first day of January of each year to the cost of living index determined on October 31 of the previous year, in accordance with the terms and conditions with respect to cost of living adjustments used by the Québec Pension Plan, without, however, exceeding the MAXIMUM ANNUAL INDEXATION RATE in the Summary of Benefits. The first adjustment is made on the first day of January following the start of the indemnity payments.

HEALTH INSURANCE

The insurer undertakes to reimburse customary and reasonable health care expenses incurred due to accidental injury, illness or pregnancy, subject to the terms and conditions hereinafter specified.

Québec residents:

Moreover, the insurer undertakes to reimburse coverage provided under the BASIC PRESCRIPTION DRUG INSURANCE PLAN of Québec, for participants aged less than sixty-five (65), as well as their dependents, regardless of their age or of the risk associated with their health.

This coverage is mandatory for all employees and their dependents who are eligible to the present plan, subject to the provisions of the Act respecting prescription drug insurance.

Coverage offered is in accordance with relevant provisions of the Act respecting prescription drug insurance and with any other provision of the Summary of Benefits, according to the class to which you belong.

Any modification to the Act respecting prescription drug insurance which relates to the BASIC PRESCRIPTION DRUG INSURANCE PLAN will also modify the relevant provisions of the present plan.

It is understood and agreed under the plan that participants aged sixty-five (65) and over who are residents of Québec, as well as their dependents, are presumed covered by the BASIC PRESCRIPTION DRUG INSURANCE PLAN from the *Régie de l'assurance-maladie du Québec*.

However, participants aged sixty-five (65) and over may choose to be covered under the present plan provided additional cost is paid as specified in the contract.

EMERGENCY EXPENSES OUTSIDE THE PROVINCE OF RESIDENCE

The insurer reimburses hospitalization, medical and surgical expenses outside the province of residence of the insured person, in case of emergency, for that part of eligible expenses that exceeds the amount paid by a provincial health insurance plan whose coverage is compulsory for all insured persons.

Expenses must be incurred due to a sudden and unexpected illness or to an accident which occurred during any stay outside the province of residence, or during a stay outside of Canada whose expected length is less than one hundred and eighty (180) consecutive days.

Moreover, when hospitalized outside Canada, the insured person must get in touch with the MEDICAL ASSISTANCE SERVICE as soon as it is possible to do so, otherwise the insurer has the right to terminate coverage.

In the absence of medical contraindication, the insurer may request that the insured person be repatriated or treated elsewhere. Repatriation must be recommended and planned by the medical assistance company. If an insured refuses to follow a recommendation for repatriation, the insurer accepts no responsibility for expenses incurred thereafter.

The overall maximum reimbursed by the insurer, for expenses incurred outside the province of residence, is limited to a lifetime maximum of four million dollars (\$4,000,000) per insured person, as specified in the Summary of Benefits.

For these drugs the insured person will be required to have his attending physician provide the insurer with information describing his medical condition, previous treatment history and the medical criteria for prescribing the drug.

Mandatory Generic

If the drug is an original drug which has a generic equivalent, the amount payable will be based on the lowest priced interchangeable drug. However, if the insured person provides proof, satisfactory to the insurer, that due to a valid medical reason as verified by his attending physician, that he must take the original drug, the insurer will make payment based on the cost of the eligible drug prescribed.

Carry-over Provision

If the deductible has been satisfied in whole or in part by the payment of expenses incurred in the last three (3) months of a calendar year, the deductible for the following year will be reduced by the amount of deductible already paid.

Reimbursement

The insurer reimburses a percentage of the covered expenses incurred in the course of a calendar year, after applying the deductible for that year, if applicable. Such percentage is specified in the Summary of Benefits.

Maximum Benefit Per Insured Person

The overall maximum reimbursed by the insurer for the present benefit is specified in the Summary of Benefits.

Coordination of Benefits

- c) any non-insured employee benefit plan.

will be able to convert his supplemental health insurance coverage to an individual insurance contract without having to submit evidence of insurability to the insurer.

The individual insurance contract that will be provided will be in accordance with the rates and terms and conditions established by the insurer.

The participant must make application and pay all required premiums for the individual insurance contract within sixty (60) days of the termination date of his insurance under the group insurance plan. Failure to submit the application and premium within such sixty (60) days will prevent the participant from obtaining the insurance under the individual insurance contract.

The individual insurance contract will take effect on the date that both the application and the premium have been received by the insurer.

WAIVER OF PREMIUMS

If premiums are waived under the article *Waiver of Premiums* of your life insurance benefit, you are also entitled to waiver of premiums for the present benefit, under the same conditions.

Moreover, if you are not covered under the LIFE INSURANCE BENEFIT, you are entitled to waiver of premiums for the present benefit, subject however to all other provisions described under *Waiver of Premiums* of the LIFE INSURANCE BENEFIT.

Waiver of premiums of the present benefit terminates automatically on the date of termination of the present benefit.
