

ZONDLE.COM INSTRUCTIONS

TO CREATE A FREE ACCOUNT:

1. Go to www.zondle.com
2. Click “Join Now”
3. Select “I’m a Student”
4. For your username, use the following: **Firstname.Lastname**
5. Create and confirm a password that *you will remember*. ***Write this in your warm up notebook!!***
6. Join Mrs. Koester’s Biology class with the following class code:

26979-105558

USING ZONDLE:

I have created questions and set topics to help you review for your unit test. You have the following options for using this website as a review tool:

1. Select a topic and then play any of the review games compatible with that topic (seen on the right).
2. Go to the bottom of the games list and select one of the last two options. This will be like a practice test.
 - a. Simple Quiz – With Décor
 - b. Simple Quiz – No Décor

HELPFUL HINTS:

You can play any game full screen by selecting the button in the bottom right corner of the game.

Too distracted by the games?? Don’t play the games! Just review the topic with a “Simple Quiz”

Are you missing every other question and freaking out about the test? My advice: watch the video lecture covering that particular topic OR select the game titled “flip cards” for a flashcard style review. And then take another practice test!

Download the app and review the questions whenever you have a free moment.

Don’t memorize the answers – make sure you understand why the answers are the answers!

Don’t forget – your packet is due on test day!! All packet items can be found on the blog.
