

9021OH CUPCAKES

After working her way up the corporate ladder and looking for a fun, creative outlet, Jenna Madacy James discovered that the road to enlightenment is paved in...frosting. Cupcake frosting is paved to be exact. Jenna, a single mom and native Californian, started baking as a lark and found that she was good at it, very good at it. Jenna has taken inspiration from numerous sources and found a way to put her own stamp on the humble, common cupcake.
