

# Artec™

---

---

## PRODUCT DESCRIPTION

Artec™ is a unique, patent pending, fatty acid based teat dip that provides protection against mastitis-causing pathogens. Artec also contains a triple blend of emollients for superior teat conditioning.

---

## BENEFITS

### Promotes Udder Health and Hygiene

- Contains 1.5% heptanoic acid to provide superior efficacy without the harsh drying effect encountered with iodophor-based teat dips.
- Passes AOAC sanitizer test with a greater than 99.9999% (> 6 log) reduction with only 15 seconds contact time, even in the presence of a 10 % milk challenge
- Equally effective against both contagious and environmental mastitis organisms, such as *Escherichia coli*, *Streptococcus agalactiae*, *Streptococcus uberis* and *Staphylococcus aureus*.

### Gentle - Versatile Formulation

- All-season formula provides year-round protection and teat conditioning — contains 78% emollient system including glycerin and lanolin.
- Special emollients provides excellent teat conditioning reducing the need for teat salves or creams.
- Contains a teat marking system to provide visual proof of coverage.

Color .....	blue	Active Ingredients:	
Odor .....	mint	Heptanoic Acid .....	1.5%
Spec. Grav. @ 68°F (20°C) .....	1.071	Inert Ingredients .....	98.5%
Pounds per gallon .....	8.92 (4.05 kg)	Patent Pending	

System contains a triple blend of emollients.

Formula ingredients contain no phosphorus.

## TO USE

### IMPORTANT:

Do not add Artec to any other teat dip or other product. If transferred from this container to any other, make sure the other container is thoroughly pre-cleaned and bears the proper container labeling for Artec. Use of a complete cow care program including both pre- and post- dipping may aid reducing the spread of organisms which may cause mastitis.

### Pre-Milking:

Ecolab recommends the use of an approved pre-dip. See product label for proper use directions.

### Post-Milking:

Immediately after milking, use Artec at full strength. Submerge teat 2/3 their length in Artec teat dip. Allow to air dry. Do not wipe. Always use fresh, full strength Artec teat dip. If the product in the dip cup becomes visibly dirty, discard contents and replenish with fresh product. Do not reuse or return unused product to the original container. Do not turn cows into freezing weather until Artec teat dip is completely dry or wiped.

### Expanded Usage:

End of lactation - use daily for one week. Prior to parturition - use daily for one week. Follow post-milking instructions for complete use directions.
