

CNC Machine Operator

Vortex Racing

Salt Lake City, UT | Posted Nov 03, 2015

Job Description

Start your exciting career in the motorsports industry today! Vortex Racing, a leading manufacturer of motorcycle racing components, seeks a CNC Machine Operator! We promote from within and offer on-the-job training if you wish to make this more than a job...a career! We offer competitive pay, PTO and vacation.

Responsibilities

CNC Machine Operator runs Haas CNC mills and lathes in fast-paced machine shop turning out some of the world's best billet aluminum racing components for motorcycles. CNC Machine Operator must, with a high degree of accuracy, run parts programmed machines, check parts for tolerances and ensure production is on schedule in addition to various other work-related duties.

Qualifications

- Minimum high school diploma required, trade school certification preferred.
- Must have at least one (1) year experience operating CNC machines, preferably Haas.
- Must know how to use calipers and read measurement tools.
- Must be punctual and responsible.
- Must be able to stand for long periods and lift 50 lbs. without assistance.
- We are a drug-free workplace.

Additional Information

To apply:

- To apply by email, send your cover letter and resume to chet@vortexracing.com.
- If you wish to apply in-person, you may do so between 9 a.m. and 5 p.m., Monday - Friday at 2070 S 4250 W, Unit B, SLC, UT 84104. Please bring your resume and salary requirements.
