To Whom It May Concern:

I am excited and eager about going to the next step of my career as an assistant principal. Teaching reading is my passion and having the opportunity to reach more students and parents to promote the value of education is now an obtainable goal. I have 22 years' experience in education and fourteen years as a teacher. My leadership roles have included Reading Department Chairperson, Grade Level Chairperson (in the same year), Curriculum Writing, Presenter for Teacher In-service, Mentor, technology committee member, Working on the Work (WOW) group Chairperson, and Grant Writing for classroom technology.

The experience and leadership qualities that I have would be put into service by building a campus community through communication, trust, and developing a positive school culture. It is my philosophy that every child can learn and relationships with students, parents, and the community are vital in the ever changing school environment.

I look forward to your evaluation of my eportfolio.

Sincerely,

Deborah Schroeder
Reading Educator/Mentor/Intern
