

Reading Skills Development

CPD Training

Author of the best selling *Reading Explorers* series, John Murray now provides a CPD course that will bring the teaching and learning of reading to life!

Designed to help participants gain an understanding of why it is essential to use a **skills-based approach** when teaching children to read, this one day course focuses on how key reading skills can be developed within the classroom and explores a variety of innovative ways in which this can be achieved to further the reading development of each and every child.

Using a range of fiction, non-fiction and poetry texts from across both Key Stages, the **core reading skills** promoted through the day are:

- Literal understanding ✓
- Deductive reasoning ✓
- Inferential skills ✓
- Evaluative assessment ✓

With the introduction of an additional **Assessment & Planning** Unit being linked to guidance on how to build a successful and genuine reading community within your school, this superb opportunity will actively encourage participants to use good practice to improve the teaching and learning of reading.
