MISSION

Legacy's mission is to build a strong national community of motivated individuals and families who embrace conservative ideals and are interested in directly encouraging long-term cultural change through education, fellowship and action.

Our faith and values guide us as we strive together to leave a Legacy for the next generation.

LEGACY POLITICAL FUND

We are living in extraordinary times that require extraordinary ideas of how we, as parents, grandparents, business leaders and students can make a positive impact on our culture and future leaders. Legacy is committed to being a part of the solution and enhancing the future for electable conservative candidates through volunteering time and financial support.

Since its formation in August 2007, the Legacy Political Fund has grown to over 100 families from 28 states. Legacy realized in its early years the need to increase participation in public policy and the political process - strategic means by which to achieve a patriotic and constructive solution for the future of our Country.

Legacy families gave generously during the last election cycle to support exceptional compassionate conservative Senatorial and Gubernatorial candidates. Raising over \$ 1.4 million for seven exceptional Senate candidates, Legacy's "Take Back the Senate" initiative surpassed the financial support of its first joint fundraiser of \$ 1.1 million in 2010.

It is only with members being committed to our mission and values that the Legacy Political Fund can help restore the Country to the ideals of its Founding Fathers. Your membership and involvement with Legacy is more important than ever. Help us continue spreading the word to other families and associates to join our efforts.

God bless you, our candidates, the elected officials who govern, and our Country, as we approach the future.

LEGACY PUBLIC POLICY VALUES

These values govern our decision making, candidate selection and the legacy we choose to leave for the future.
