

22kW 32Amp 3 Phase

Model Name

## Basic PDU (3 Phase)

Model Number

**PBH-3240C-06N6**

**Power Monitor** Work with [Cabinet Power Monitor](#)

### General

|            |                                |
|------------|--------------------------------|
| Output     | (6) IEC 320 C19                |
| Input      | (1) IEC 309 with 3m            |
| Protection | (6) 16 Amp branch type breaker |

### Communication

|                         |                                   |
|-------------------------|-----------------------------------|
| Link Status             | (6) Yellow LED                    |
| Power Status            | (6) Green LED                     |
| Power Monitor(Optional) | (6) RJ11 for ENV probe connection |

### Operation

|                              |                                      |
|------------------------------|--------------------------------------|
| Nominal Voltage              | 400V AC, 3-Phase 3P+N+PE             |
| Voltage                      | 230V                                 |
| Frequency                    | 50/60HZ full range                   |
| Load Capacity                | 22.2 kVA                             |
| Max. Input Current           | 32 Amp                               |
| Max. Output Current (Outlet) | IEC 320 C13: 10A<br>IEC 320 C19: 16A |
| Max. Output Current (Bank)   | 16 Amp                               |
| Temperature                  | 0 ~ 40 Celsius degree                |
| Humidity                     | 0% ~ 90%                             |
| Size                         | 90 x 432 x 44 mm                     |
| Weight                       | 5.9 kg                               |

### Regulatory Approvals
