

THEMED EXCURSIONS 2016

Kallichoron Art Boutique Hotel regularly hosts themed expeditions throughout the year, inviting guests to explore the beautiful surroundings and the local traditions of Astypalea.

Contact us to find out more about visiting Astypalea and we will be happy to help you.

MAY

Easter in Astypalea (28/4-3/5)

Embark on a journey of old traditions and religious celebration. Experience the deeply spiritual Greek Orthodox ambience of the Holy Week. Follow the Epitaph procession through the cobble streets and celebrate the resurrection of Christ, a feast for the senses, as you will hear church bells peal, view an impressive display of fireworks and taste the most authentic Greek delicacies.

MAY

Meet the Artist with Eva Divari (21-23/5)

Let us introduce you to the beautiful art of Eva Divari. The paintings immobilize time, crystallizing an isolated moment full of energy, dynamism and desire for continuous struggle and search. Join us in a dialogue with the artist, where Eva will explain her artistic process and inspiration behind the series "Whirlpools".

JUNE

The Art of Wellbeing through the Wellness of our Mind (17-20/6)

Coaching seminar with the NLP Life & Business Coach Elina Giachali. In this seminar we are going to talk about how we can start shaping our reality, taking back our personal power and achieving the wellness of our brain. We are going to first define those terms and then move on to the dos and the toxic don'ts in our habits and behaviour that can help us become our own reality shapers.

SEPTEMBER

Alternative Weekend (9-12/9)

We invite adventure lovers to experience an alternative Astypalean expedition and discover the beauties of the island, also known as "the butterfly of the Aegean Sea"! We will wander around the picturesque villages with guided tours and enjoy a day trip to the magnificent islets of Koutsomyti and Kounoupa. Join us for a truly unforgettable experience.
