Recruiting for September 2015

Football - An opportunity to continue both your academic and football development daily training similar to a professional footballer. There are 3 key elements to the programme; Football, BTEC Sport and Coach Education. These vital pillars give all students strong foundations to progress in the higher education or the sport industry in a number of professions. All academy squads compete in national competitions with opportunity to impress scouts.

Golf - A groundbreaking initiative supported by Golf Pro Graeme Davies at Huntswood Golf Course. Students will study BTEC Sport whilst enhancing their golfing skills. The programme allows students to undertake PGA Level 1 Coaching/Instructing qualifications.

Students will develop all areas of their golf with industry experts and competitive fixtures against colleges and schools.

Fitness & Personal Training- Partnered with Active4less fitness club, the students will have the opportunity to gain valuable academic, industry qualifications and experience from work placements.

Exit routes for the students would be to higher education, sport and leisure employment.

Cricket – New for 2015 we have teamed up with Thames Valley Cricket Academy to offer cricket enthusiasts the opportunity to train, learn, play and work in the cricket industry. With many formats of the game, coaching will include 1:1 and team sessions all year round.

Note: The Fitness & Personal Training Academy can be selected as individual course or with Golf or Cricket as option.

Every student will have use of our first class facilities and receive FREE membership to Active4less, Burnham.

At Burnham Sports Academy, we specialise in sport & education programmes for boys and girls aged 16-19 years old. The courses are focused in Football, Golf, Cricket and Fitness & Personal Training.

We offer students 2 or 3 year pathways to:

LEARN – Study towards a BTEC in Sport (worth up to 3 A Levels) and world wide recognised coaching/instructing qualifications.

To qualify students require four A-C GCSE's, those who narrowly miss out on the grades will still be considered. We will also offer the opportunity for GCSE retakes in English and Maths.

TRAIN – Regular coaching to develop technical, tactical and physical ability

PLAY – Represent the academy in national league and cup competitions also offering routes to partnership clubs

WORK – Open the door to University and sports industry careers

The sample football timetable below gives an indication of the balance of coaching, training, competing and academic study offered on our courses.
