## Glove Keeper™ Non Velcro Glove Holder or Glove Keeper III

Golfire's Trademark Product! Patented # 426,026

**Over a Half Million Sold!**

**Product Codes: GK-STANDARD, GK-KEVLAR or GKIMPRINT**

Cinch Style Glove Holder is available in either Nylon or Kevlar, and can be specially ordered with up to three lines of information imprinted on the cinch lock. Many colors available! **Glove Keeper comes with grab clip and split ring. Glove Keepers III (NEW) comes with a scissor clip.**

## Glove Keeper™ II

**Product Code: GK2**

Golfire's Glove Keeper II wraps around any size gloves. The mail/female connector clips together with ease and is then cinched tight with the D-ring. To release the gloves, simply pinch the connector! The D-ring can further be used to hang other objects such as flashlights.

## Velcro Glove Straps

**Product Codes: VGS, VGSII, VGSIII(KEVLAR), GLOVEHOG**

The Velcro® Glove Strap is made of high strength tubular webbing and a heavy snap hook. VGSII includes standard nylon webbing and a scissor trigger clip. Both available in multiple colors. VGSIII is made of 1" Kevlar webbing and (FR) Fire resistant Velcro. **The new Glove Hog wraps around the glove, through an adjuster, and Velcro's back over the same strap never to come apart.**

## Glove Noose

**Product Code: NOOSE**

The Glove Noose is made of 1" Nylon webbing. Place your glove in the noose and pull the noose tight around the gloves. The pressure lock keeps your gloves secure until you are ready to use them. The Glove Noose attaches with a heavy duty plastic swivel clip to any D-Ring or clip on your gear.

## Glove Keeper w Biner

**Product Code: KEEPBINER**

Made exactly like the Original Glove Keeper with exception of the attachment point. The grab clip and ring are replaced with a carabineer.

## Hood Keeper

**Product Code: HOODKEEP**

Golfire's Hood Keeper was developed under the same concept as the Glove Keeper. Place your hood through the loop and cinch it tight. Your hood is quick and easy to access when on the run. No more fumbling through pockets for your hood. The Hood Keeper is only 8" long and includes a grab clip and key ring to accommodate any type of attachment. Many colors available!

## Big Boy Velcro Glove Strap

**Product Code: VGSBIGBOY**

The Glove Noose is made of 1" Nylon webbing. Place your glove in the noose and pull the noose tight around the gloves. The pressure lock keeps your gloves secure until you are ready to use them. The Glove Noose attaches with a heavy duty plastic swivel clip to any D-Ring or clip on your gear.

## Soft Rubber Glove Pouch

**Product Codes: SP2 - Holds 2 Pairs of Gloves; SP4 - Holds 4 Pairs of Gloves**

Golfire's Glove Pouch holds on to four pairs of Rubber Gloves and attaches to any belt, suspender strap or EMS bag.

## Pant Keepers

**Product Code: PANTKEEPER**

Made of 1" Kevlar webbing, the Pant Keepers prevent heat, soot, water, snow from entering your pants legs. Place around the liner of the pant at the neck of the boot and tighten snug.

## Rubber Helmet Strap

**Product Code: RUB**

A heavy black rubber band 1" wide by 10" flat with a circumference of 20" un-stretched.

**Vol. Escape Kit**  
~~FESH HOOK DISCONTINUED - REPLACED WITH CROSBY HOOK - UPCHARGE~~  
**Product Code: VOLKIT**

The VOL Escape Kit was developed as an affordable and effective escape kit for firefighters in areas with two and three story buildings. Most firefighters were taught in the Stay Alive classes to bail out using rope, a carabineer, and gloves as a friction device. We have taken this concept and one step further! Included in the kit is the FESH Hook, 40' of 7.5mm NFPA escape rope, and a 1000 Denier Nylon bag. The bag fits in your pocket, belt, or SCBA Harness.

The idea is that there is no waste of precious time looking for an anchor point with the FESH hook. your anchor point is at the window. As taught in your Stay Alive classes, you will wrap the rope around your body and bail out using your hands as a friction device.

**Baldwinsville Bail Out Kit**

**Product Codes: BBOK25,35,50,70,100**

The lightweight bag packs like a water rescue throw bag and either fits in the bunker pants pocket or on the SCBA, and is designed to be fed by gravity. Included in the kit is the Nomex® bag, locking load-bearing carabineer, non-locking carabineer for SCBA or belt attachment, 7.5mm NFPA approved static kern mantle life line, and a chafe line. Available in multiple colors and sizes: 25', 35', 50', 70', 100' — Standard or Low Profile Bag. Add a Belay and extra Carabineers

**Baldwinsville Tagline Kit**

**Product Code: BTK30,50,70,100,200, 300**

The Baldwinsville Tagline Kit is made of Nomex® and easily attaches to any belt or SCBA for search and rescue. It is load bearing on both attachment points to 4000 lbs Provided is a NFPA Screw locking carabineer for an anchor point and non-locking carabineer for attachment to any SCBA or belt. Included is **Kevlar®** RIT 900 6.8 mm rope for maximum heat rating. Available in multiple colors and sizes: 30', 50', 70', 100', 200 or 300'. Add additional Carabineers.

**Compact Kevlar Bail Out / Tagline Kit**

**Product Code: KBBOK25,35,50,70**

**Product Code: BELAY—Add a mini descender**

**Product Code: BINER—Add a Locking Carabineer**

1/2 the size of a typical rope bag; use to bail out or search and rescue! Includes Nomex® bag, quick lock carabineer, chafe line, and Kevlar® 8mm webbing with 5000lb. rating. Most effective when used with a belay or slow descender. Available in multiple colors and sizes: 25', 30', 50' or 70' - Standard or Low Profile

**Golfire's Personal Rope Bag**

**Product Code: PRB35 and PRB50**

**Product Code: PRB35R&B and PRB50R&B**

Made of 1000 Denier Cordura™ and sized to fit designated quantity of 8 mm escape line, the personal rope bag features 3M Triple Trim™, 1/2 inch grommet in bottom, cinch cord lock closure, and two tabs for carabineer attachment. Use for bail out or search line. Many colors available in both 35' or 50' sizes. Add 7.5mm NFPA Escape Line and a Screw Lock 6000 lb carabineer with your bag.

**TFS40 Rope Bag**

**Product Code: TFS40SMALL, TFS40LARGE or TFS40R (Inc. 40' of 8mm NFPA Escape line)**

The TFS40 Rope Bag holds up to 35' or 50' respectively, of 7.5mm Escape Line. Your attachment point is a heavy duty swivel scissor clip. The bag can also be placed directly in your bunker pants pocket! Made of 1000 Denier Cordura, available in many colors!

**Partner Security Tether**

**Product Code: PST10, 15, 20, 25**

A Kevlar® tether with two carabineers comes complete in a Nomex® bag for storage and easy deployment. Ends are load bearing to 4000 lbs. Available in multiple colors and 10', 15', 20' or 25' lengths.

## Pro Escape Bag

**Product Code: PEB or PEBLOADED**

The Pro Escape Bag is made of Heavy Duty Nylon and holds up to 50' of 8mm rope. Included are three pockets for additional items. The main pocket in front can hold Golfire's Drag U Safe Kit (7.5 feet of webbing with handles - Drag Strap, Tether, and or Utility) and the two side pockets hold small carabiners or a mini-8's. Each pocket has a Velcro tab to secure carabiners and or descending devices. The bag also contains two bottom grommets to secure the rope to the bag. Attaches to any belt!

Available with bag only or loaded with 50' NFPA Technora, 2 NFPA Screw Locking Carabiners, Drag U Safe Strap and the Omega SBG Belay Descender.

## EASYBAG Bag

**Product Code: EASYBAG35 (Bag ) or EASYBAG35R (Inc. 7.5mm NFPA lifeline & NFPA Biner)**

**Product Code: EASYBAG50 (Bag) or EASYBAG50R (Inc. 7.5mm NFPA lifeline & NFPA Biner)**

Made of 1000 Denier Cordura, the 7" x 6" x 2" bag is tailor made to fit 35' or 50' of 7.5mm lifeline. The large flap opening secures your carabiner for quick no fumbling access. Includes two brass grommets in the bottom of the bag to secure the rope. Attaches to any belt or harness with two Velcro loops on the rear of the bag. Many colors available. Purchase bag only or with NFPA Lifeline and NFPA Screw Locking Carabiner.

## SCBA Frame Escape Carry System

**Product Code: FRAME**

Golfire's SCBA Escape Bag Carry System attaches to the rear frame of your SCBA. It is designed to hold Baldwinsville Bail Out Kits 50' or less. The large flap is easy to open for quick deployment of your bail out kit. Made of Nomex® . Available in many colors.

## Team Search Bag

**Product Code: TSB**

The Large Area Team Search Bag is made of heavy 10oz. Cotton Duck for wear and durability. Will hold up to 300' of 6.8 mm RIT 900 search line or 200' of 9mm RIT Response search line. Two 5" X 10" pockets are built in on each side to hold tools. Also included is a 2" heavy shoulder strap that that adjusts from 33" to 68" with a quick release buckle and two quick attach 2" scissor clips. Sewn into the bottom of the bag is a tie off loop to keep the bag and the rope together when you have depleted your line.

## NY Search Bag

**Product Code: NYSEARCH**

Made of Rip Stop Vinyl, Holds 200' of 7.5mm or 350' of 6.8mm RIT 900. D-ring on the inside of the bag secures the rope to the bag while an additional D-ring on the top holds the anchor point carabiner in the ready position. A double flap top keeps your rope in place at all times. Included is a heavy duty fully adjustable 2" shoulder strap.

## Web Search Pouch

**Product Code: POUCH (Pouch Only)**

**Product Code: WEBPOUCH (Pouch and Webbing)**

Made of Heavy Army Duck, the Search pouch has a 6 inch Velcro belt loop on back allowing it to attach it to any SCBA harness or belt. The Web Pouch contains 24' of Sterling one inch tubular webbing with 8 inch handles on each end. This will allow you to tie off to fixed points as a search line, drag a victim to safety, or use as a multi purpose utility line.

## Heavy Duty Utility Rope Bag

**Product Code: HDURB100, 150, 200, 300**

Made of 1000 Denier Cordura®, this bag incorporates backpack style straps with release buckles for long carries (SAR). A cord lock closure keeps rope secure while not in use. Available in multiple colors and sizes to accommodate your needs: 100', 150', 200' or 300' of 1/2" rope.

## Roof Bag

**Product Code: RB50 or RB100**

Golfire's Roof Bag is made of 1000 Denier Cordura®, includes a 6000lb Non Locking Carabiner and is filled with 7.5mm NFPA 4000lb Static Kern Mantle with two grommets in the bag's bottom. Ideal for hauling tools and equipment to the roof. Available in multiple colors and includes either 50' or 100' of 8mm rope.

### **Drag-U-Safe Product Code: DUSSK**

Seven and a half feet of life safety rated webbing has two universal 8” handles and is coiled to fit in a Cordura® pouch the size of a deck of cards. This is a multiple function tool. Easily attaches to any SCBA harness, belt or air pack for easy and quick access.

### **Drag-U-Safe Pro Product Code: DUSSKPRO**

Made of heavy duty tubular webbing, built in soft handles, three carabiners. Rated at 2400lbs Functions: Drag a victim to safety, haul cylinders, short search line, aids in carrying tools, a hose strap. Includes strap to fold up and hold unit together!

### **Drag Rescue Harness**

**Product Code: SLINK (SLINK Only)**

**Product Code: SLINKB (SLINK & Bag)**

**Product Code: SLINKBB (SLINK, Bag, and NFPA Twist Lock Biner)**

The Drag Rescue Harness is a Multi-Purpose tool made of 4200 lb TECH Tape webbing. This product takes all drag and sling devices on the market and combines them together! Functions include: Full body rescue harness, DRD drag strap, haul cylinders, short search line, aids in carrying tools, a supply line hose strap, door breach control. The yellow loop has a eight foot circumference with the red and blue 4 feet. Stretched out the product is eight feet long. The Red and Blue loops are the leg straps and the yellow is the torso strap. MTS 4200 lb.

### **Web Pack**

**Product Code: WP24, WP35, WP45**

**Product Code: WPB24, WPB35, WPB45 (includes NFPA ScrewLocking Carabineer)**

The Web Pack contains 24’, 35’, or 45’ of life rated webbing and is stored in a 1” wide Cordura® bag to easily fit in your pocket or attach to your gear with a swivel hook. Add a carabineer for additional versatility. Available in multiple colors and sizes.

### **Daughtry Strap**

**Product Code: DAUGHTRY**

The Daughtry Strap was developed by a NY Firefighter on a truck company for carrying saws to the roof.

The loop is 55” long with a circumference of 110” and comes with a non locking carabineer. Create a Lark’s Head Knot on the stop guard, then place the carabineer on the handle and you have an instant shoulder strap for the saw. Once on the roof, The Daughtry Strap can be used as a tie off to a ladder or bucket to secure you as you work. **Webbing and stitching has a MTS of 5000 lb.**

### **Sewn Webbing Loops**

**Product Code: SEWNLOOP1 (1”) or SEWNLOOP2 (2”)**

Sewn Webbing Loops are made from 1” or 1 3/4 life rated tubular webbing box stitched for strength. Loops have many uses including anchors, hasty harnesses, litter rigging, etc. Choose your length, loops are sold by the foot. Please note: a twelve foot piece of webbing becomes 6 feet once sewn! Circumference will remain 12 feet! MTS on Stitching and webbing is 5000 lb.

### **Hose Strap**

**Product Code: HS**

Support the back end of any size hose, especially when running short crews. Also used to help pull attack lines to the front door. Maintain control by securing one end of the strap around the back end of the hose, and placing the adjustable shoulder strap around the opposite shoulder.

### **Haligan Ax Straps**

**Product Code: HALAX or IRONSLING**

The Halax Strap is our original design with secure Velcro attachment points at each end. Includes fully adjustable strap to shoulder or hand carry. The Iron Sling has a secure attachment point at the ax head with a loop wrap at the other end making removal and attachment quick. Includes a quick release shoulder strap that can be cinched to hand carried or shoulder carried

### **Haligan Marrying Strap**

**Product Code: HALMARRY**

Made of 4” webbing the universal design fits all tools, includes rubber strips to prevent slippage of strap, and a 1” webbing pull loop for ease of removal.

### **Heavy Duty 2” Tool Strap**

**Product Code: HDSTRAP**

Golfire’s Heavy Duty Tool Strap is made of two inch 6000 lb webbing and is fully adjustable. Included are two heavy steel swivel scissor clips to attach to any saw, light

## Goggle Covers

**Product Code: GC (Choose color of Triple Trim)**

Golfire's goggle cover is made of **Nomex®**, and tapered to the contour of your goggles, and features two 4" Velcro® closures for ease of storage and removal. One Size fits all. Available in black with 3M Triple Trim.

## Goggle Shed

**Product Code: GSHED**

Golfire's Goggle Shed is made of Nomex and is pleated to fit to the contour of your helmet keeping it low profile. It easily adheres to the helmet and will remain there during operations. The Goggle shed is light weight and will fit any helmet! Included is a strip of 3M reflective adding to your visibility on the fire ground. One size fits all!

## Quick Release Mask Bag

**Product Code: MBREG or MBLARGE**

The quick release bag is made from 1000 Denier Cordura® and features a felt lining to protect your lens from scratches. A snap closure is used to allow for easy access and closure, and a swivel hook allows for attachment to any D-ring. Accommodates masks with neck straps. Available in multiple colors and sizes to accommodate regular, tube style and MMR masks.

## Cinch Mask Bag

**Product Code: MBDSREG or MBDSLARGE Add (F) to product code to add felt.**

Low Profile felt lined (optional) Cinch Mask Bag is made of 1000 Denier Cordura™. And conforms to the contour of your mask keeping it low profile. Includes a swivel clip for easy attachment, and reflective strip for use as an identifying name plate. Available in multiple colors and sizes.

## Clam Mask Bag

**Product Code: CLAM**

Made of 1000 Denier Cordura. Conforms to the contour of your mask. Top splits down to 5" on each side providing a large opening for easy access. Attaches with a heavy scissor clip. One size fits all. Available in multiple colors and sizes.

## Full Face Mask Bag

**Product Code: MBFULLFACE**

New Full Face Piece felt lined Mask Bag is made of Heavy Cotton Duck fabric and easily accommodates face pieces that have mask mounted regulators and voice systems. Includes a scissor clip for easy attachment, and is the ideal solution for alternative Hazmat or Chemical Masks.

## Zipper Mask Pouch

**Product Code: ZIPMASK**

Golfire's New Zipper Mask Pouch fits all styles and sizes of masks. Made of 1000 Denier Nylon and includes double zipper for easy access from either direction. Secures to any Turnout Gear with a heavy duty metal scissor clip. Many colors available!

## Kevlar Mask Strap

**Product Code: MS**

A 1" Kevlar® Strap with metal quick clips attaches directly to your SCBA mask, and features a center snap which allows for immediate separation should it become hung up. The Mask Strap works great with Golfire's Mask Bag for the ultimate in mask protection and wear.

## Mask Radio Clip

**Product Code: MRC**

The Mask Radio Clip features two scissor clips that attach to the rings on your mask and easily attach to any D-ring on your gear! Can also be used to prevent your radio from swinging or dragging.

## Simulated Smoke Training Inserts

**Product Codes: 3 Grade Kit—SSTI; Individual Grades: SSTISINGLE-Light, SSTISINGLE-Medium, SSTISINGLE-Heavy**

Made of a porous foam that inserts into any style SCBA Face Mask and limits your vision without impeding the seal of your mask. Packaged together in 3 simulated grades; light smoke; vision slightly impaired, medium smoke; visible outlines seen, and heavy smoke; vision almost completely blocked.

**Product Codes for Ad-Ons**

**Saw/Light Tool Strap—KLT**

**Web Pack—KWP**

**Carabineer Strap—KCS**

**Drag-U-Safe—KDUSK**

**Tether—KTETHER**

**Leg Harness—KLEG**

## Kevlar RIT Escape Belt **Product Code: (Up to) KRIT40, KRIT48, KRIT58**

Made of 100% Kevlar® for strength and maximum heat resistance, this belt is rated for ladder escape and is fully adjustable steel side pressure adjuster. The double locking hook makes it easy to dawn and doff. Included is a built in ax loop, dedicated egress D-ring for bail out and Kevlar loop to create a hasty harness when in need . **Additional Belt Ad-On Options** include KLT-Kevlar® Saw/Light Tool Strap, Carabineer Strap, 10ft Kevlar® Tether, Drag-U-Safe Kit, 24' Web Pack, Leg Harness Strap and/or a removable 25', 35', 50', or 70' Bail Out/Search Line Kit. (See Compact Bail Out Kits.)

## Trukee Belt

**Product Code: TRUCKEE and TRUCKEEC (Includes Carabineer Strap)**

The Trukee Belt is made of 2" Nylon webbing and is fully adjustable in the front and back to accommodate all sizes 31"-54". The belt includes a light/thermal camera holder which is removable via the 2" Male/Female connectors/ Also included is the ax holder. Additional Carabineer Strap is available.

## Last Chance Duty Belt

**Product Code: LC43, LC51, or LC58**

Golfire's Duty Last Chance Belt is made of 1" 3/4 6000 lb webbing with life rated sewn in V-ring and pressure adjuster. This product is sold strictly as a duty belt and should not be used for repelling unless you are in an emergency last chance situation where egress is needed

## Universal Belt Add-Ons

**Product Codes: UAH, UCS, ULS/TS**

Attach to any belt or SCBA Harness that is 2.25" or less and is secured by four overlapping heavy snaps. Available is the Ax Holder, Carabineer Strap, and a Light/Tool Strap

## Tool Straps

**Product Code: TOOL or TOOLKEV (Kevlar)**

Fits around the handle of any tool and can be attached to your SCBA harness or belt with the included non locking carabineer. Multiple colors available in either tubular webbing or Kevlar® rope sewn.

## Leg Harness Strap

**Product Code: LEG**

Convert any ladder escape belt to a harness. Made of heavy Nylon or Kevlar 1" 3/4 webbing. Includes fully adjustable yellow steel pressure adjuster to fit all sizes. Minimum tensile strength is 4000 lbs. Top D-ring adjust to fit any belt. Single leg, left leg and right leg available.

## Belt Loops / Harness Loops

**Product Code: BELTLOOP**

Golfire's Belt Harness Loops fit between the snaps of the lining and outer shell of your pants. They can be used on the outside for attachment of a harness or belt or on the inside for an interior harness. The loop Velcro's together creating a 2.5" belt loop. MADE of NOMEX!

## NYSFD Escape Harness

**Product Code: NYSFDREG up to 40" waist and NYSFDLARGE up to 55" waist.**

The NYSFD Escape Harness easily integrates with all turnout gear. Left or right handed opening is available to accommodate the opening of your bunker pants. The center tether is connected to two side D-Rings that pivot in the direction the tether is positioned. This eliminates stress on the harness straps. The center tether when extended is above the firefighters center of gravity to prevent rotating upside down when in an egress position. The tether attachment points are on each side of the body to maximize your center of gravity. We have included a D-Ring on the tether that can move freely left or right to always provide you with a taught tether. The tether (when in idol position) easily folds across the waist and is connected with two quick release straps. Also included is leg strap loop that holds the two leg straps together to prevent riding on the back of the leg. Additionally, you are provided with belt loops that attach to the pull straps on the side of your bunker pants. These straps will keep your harness in place at all times.

- Webbing and stitching: 6000 lb MTS
- Auto Locking Side Hook: 5000 lb MTS / CSA - ANSI Cert.
- Belt Adjuster: 5000 lb MTS / CSA - ANSI Cert.
- Side D-Rings: 5000 lb MTS / CSA - ANSI Cert.
- Leg Adjusters: 4000 lb MTS / CSA - ANSI Cert.
- V-Ring 5000 lb MTS / CSA - ANSI Cert.
- Auto Locking D Carabineer: NFPA

## FAST Bag

**Product Code: FASTBAGEXTREEM**

Golfire's FAST Bag, made of heavy 10 oz. cotton duck, fits any size cylinder and is a must for every vehicle in your fire department. Includes a large bellow pocket that fits up to 200' of RIT 900 search line along with Three additional bellow pockets for spare hose and tools. A compartment directly in front of the cylinder holds a mask

and your pre-connected hose. A Velcro flap makes it easily accessible. The FAST bag can be carried by the detachable shoulder strap or dragged by the pull strap in front of the bag.

## FAST Bag Basic

**Product Code: FASTBASIC**

Made from heavy cotton duck. The Fast Bag Basic holds cylinders up to 23" in circumference. A cinch top closure secures around the valve for easy access to the on and off control. Included are two 7" x 11" side bellows pockets to hold basic tools. The bottom of the bag is reinforced with a webbing drag plate to prevent snags when being dragged. Also included is a fully adjustable detachable shoulder strap and drag strap to carry or drag the FAST Bag. Contained in the lower portion of the bag is a compartment for a pre-rigged mask and additional hoses which can easily be accessed with the quick rip flap. All access points such as pockets and mask rip flap are identified with 3M reflective trim.

## SCBA Cylinder Cover

**Product Codes: SCBACOVERREG** (Cylinder diameters less than 20")

**SCBACOVERLARGE** (Cylinder diameters Larger than 20")

Made of Nomex® with 3M reflective letters, Golfire's cylinder covers do **not go** on the outside of the harness or cover the valve, allowing full access to all valves and pressure readings. Simply loosen the cylinder clip, place the cover over the cylinder and retighten the clip. Available in multiple colors of Nomex®, 3M letters and Triple Trim.

## SCBA Cylinder Wrap

**Product Code: SCBAWRAP** (Designate **RIT**, **FAST** or **OTHER**)

Heavyweight Nomex® Wraps fit securely, but do not interfere with normal operation of any brand/size SCBA, and are easily removed when changing cylinders or assignments. One size fits all. **Includes two 3M Triple Trim Stripes**

**Product Code**  
 3 - 3" Let **SCBAWRAP3**  
 4 - 3" Let **SCBAWRAP4**  
 5 - 2" Let **SCBAWRAP5**

**Product Code**  
 6 - 2" Let **SCBAWRAP6**  
 7 - 2" Let **SCBAWRAP7**  
 8 - 11 - 2" Let **SCBAWRAP8**

## Identity Bands (Cylinder or Arm Band)

**Product Code: IB (11X6) or CAM (9X5)**

11" x 6" RIT/FAST/RIC Identity Bands are made of 6.8oz Nomex® with 2" 3M reflective letters and Triple Trim. Made to withstand heat and abuse, attach with a *Nomex® elastic strap* with heavy duty snaps for ease of placement on cylinder or arm. Available in multiple colors with up to 8 letters included in pricing. Choose one of the following or create your own: SAFETY OFFICER, MANPOWER, OPS, HAZMAT, MEDICAL, STAGING, EMT (Some titles may have to be abbreviated due to space availability)

## Fire Department Company Markers

**Product Code: See Below**

Place a designated company marker by vehicle on every Firefighter at the scene. It will make managing your crews more efficient. Markers are available in three ways. **Front marker on front SCBA hose strap 2 x 4 (CMHOSE) 2. Marker on rear cylinder band strap 4 x 6 (CMBAND) or 3. You can purchase the hose and band marker as a combo.**
