# To Business Intelligence

## Jet Enterprise™

### BI Simplified

Jet Enterprise is a complete business intelligence and reporting solution that every company can afford. Access up-to-date information in Excel for strategic and ad-hoc analyses, dashboards, and KPIs.

#### Jet Enterprise: Get immediate views into your business

#### Little or No Training Required

The intuitive drag-and-drop interface inside Excel allows you to visually manipulate data to see the information as you desire.

#### Immediate Return on Investment

Implement in hours and gain valuable insight into your business from day one.

#### Business Intelligence and Reporting in one tool

Jet Enterprise complements Jet Essentials to provide a complete solution to your business information needs:

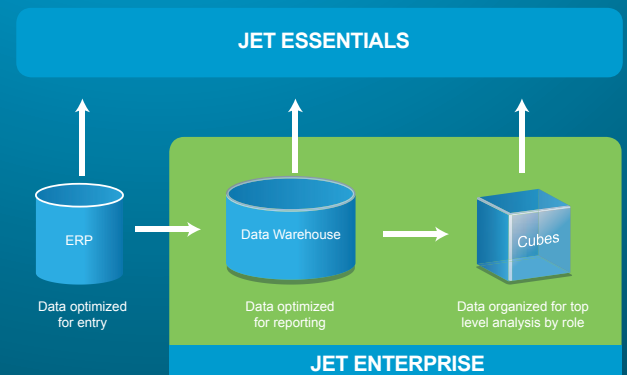

- ▶ Strategic and tactical ad hoc analyses
- ▶ Organizational dashboards
- ▶ Reports can be automatically distributed on daily, weekly or monthly basis

#### Jet Enterprise provides:

- ▶ **Six pre-defined OLAP cubes** designed specifically for Microsoft Dynamics databases. These cubes include a comprehensive set of dimensions and measures to provide lightning fast and flexible views of:

- Finance**
- Sales**
- Purchases**
- Accounts Payable**
- Inventory**
- Accounts Receivable**

- ▶ **A Data Warehouse** that is specifically tuned for reporting performance. Key information is brought together to make it simple to retrieve all the information you need.
- ▶ **Reports and Dashboards** allow you to gain valuable insight into your company immediately.

Any report. Any way. Right Now.™

**“Using Jet Reports has changed the way BMW dealers do business. It gives them fast, accurate sales data when they need it, and allows them to make informed decisions that are crucial to their success.”**

— Eric Annot, Business Consultant, BMW Belgium

**Microsoft** Partner
