

I wanted to make sure you had a chance to see the note below from my good friend Neal Roth. We are both working together [on a critical issue](#) that is on the November 4th ballot.

As you will see from his email, our Miami-Dade civil courthouse is in crisis and we have an opportunity to fix the problem with a cost-effective and efficient solution.

We know campaign season can get a bit overwhelming. But, we need your support to ensure that Miami-Dade voters are presented the facts about the real challenges our courthouse faces today. We cannot ignore the crisis because doing so only denies access to justice for all our residents.

Join me in voting FOR the courthouse.

In service,

H.T. Smith

Subject: courthouse in crisis

To: **H.T. Smith**

H.T.,

It's simple - our Miami-Dade County civil courthouse is in crisis and it's on us to support an effort that will fix this mess once and for all.

The images speak for themselves. The structure is unsafe, the intrusion of water continues and has led to serious problems with interior structures, mold, and insect infestation. The electrical system is ancient and cannot support the operations of a modern judicial system. What's worse is that only seven of the operating floors have public bathrooms.

# PHOTOS OF COURTHOUSE DAMAGE

This is a serious problem, but we are faced with one immediate solution. On the ballot is a bond referendum to allow for the construction of a new civil courthouse. We already know that we need it. Now we have the plan to address it.

But, we need your help.

There are three ways you can step up to pass this important measure.

**Donate \$100, \$250, \$500 or whatever amount you can to support the campaign** that is working hard to educate voters about this measure. You can [click here](#) to donate to Building Blocks for Justice.

**Visit the Facebook Page of Building Blocks for Justice** to "Like Us".

Spread the word among your family, friends and colleagues about why we must say YES to county question #4. Just bubble #168 on your ballot.

In service,

Neal Roth
