In-service Announcement
Florida Health-Palm Beach County
HIV Prevention Unit

Presents:
Truvada for PrEP

This in-service mission serves to heighten awareness around PrEP among local residents who are at high risk for HIV exposure. The goal is to bring Healthcare Providers on board in promoting this new style of HIV prevention method.

What is PrEP? PRE-EXPOSURE PROPHYLAXIS is a new prevention method in which people who do not have the HIV infection take one pill daily to reduce their risk of becoming infected.

Target Audience: Physicians-Nurses-HIV Prevention Educators-Case Managers-Medical Residents-Disease Intervention Specialists-Pharmacists-Prevention Training Consultants-Healthcare Providers

Presenter: Olga Lugo-Torres, MD
Associate Director, Medical Sciences
HIV Community Medical Scientist
Southeast US Gilead Sciences, Inc.
