6:00 p.m. to 8:00 p.m.

(dinner will be provided)

Pahokee Marina

190 North Lake Ave

Pahokee, FL 33476

Please join Palm Healthcare Foundation to learn more about the ***Healthier Together initiative***, a community-driven, multi-year, place-based funding approach to solving our community's most complex health issues, neighborhood by neighborhood.

Palm Healthcare Foundation will talk about the upcoming **Health Dialogue to Action Sessions** taking place in January and February, in partnership with *Community Partners, Inc.*

Together, we will think about the forces impacting health in the Glades communities and learn from the experiences in other Healthier Together communities.

The success of Healthier Together will be driven by teams of residents, key community leaders, businesses, civic organizations and faith communities who develop shared vision, common goals and action plans to address critical health issues.

We are hosting community dialogue sessions in the **Belle Glades (November 9th) and Pahokee (November 30th)** to build on the work from the visioning sessions which took place in February and March 2015. This event will provide an opportunity for Glades residents to voice their aspirations, values and opportunities for this work, and begin creating a shared, long-term vision across the Glades communities for good health and a strong community through ***Healthier Together***.

Please join us and invite your colleagues, friends and neighbors from the community to attend!

Please RSVP to Abby Goodwin at agoodwin@phfpbc.org, or (561) 833-6333.
