

# PVC-Free Cling Film

Plastiprint Sales Company

**PlastiCling PVC-Free Cling Film** is designed as an easily installable cling film for advertising graphics, P.O.P. window signage, decals, labels & protective film purposes, especially for mobile device screen protection.

The copolymer cling formula makes installation quick and easy without damaging the surface. The Clear provides **Optical Clarity** making it an ideal film for high resolution retail window graphics and decals.

The polyester & polypropylene construction makes the media more **eco-friendly** than cling PVC vinyl due to its recyclability as well as having no plasticizer. PVC-Free cling film has a **2 year printable shelf life**.

**Made in the USA**
