Re: Nathan Taranaki – Water Tight Construction

To Whom It May Concern,

Dimond prides itself in the close working relationship we have with our trade customers.

WTC Roofing has been using Dimond as a supplier of roofing products since WTC's inception and we have seen the company grow from strength to strength over the years.

Nathan and his team have undertaken many projects where Dimond products have been used and their continued professionalism and high standard of workmanship has always been; and continues to be evident.

We endorse to our Residential customers WTC Roofing as we are confident in their ability to provide customers with an efficient, timely and high quality service.

Dimond values WTC Roofing as a customer and we look forward to a continuing prosperous working relationship.
