

Overview: Due to renovation, Langley's Math Summer Boot camp will be held at McLean High School. Students will review fundamental algebraic and geometric concepts while working on critical thinking and problem solving skills. Students will receive lessons that are hands-on and interactive. The program is taught by Langley High School teachers and students will receive continuous feedback throughout the camp.

The boot camp is taught at two different levels. The first level is for students enrolled in Geometry, Algebra 1 or Algebra 2. This camp focuses on concepts from pre-algebra and Algebra 1. The second level is for students enrolled in PreCalculus. This course focuses on concepts from Algebra 2 with a review of Trigonometry.
