Uno

Uno bathroom accessories from QTOO are designed by international award winning Danish designer Hans Thyge Raunkjær. They are expertly made from solid stainless steel, this gives the finished product an obvious quality you can see and feel as well providing a hardwearing, clean and sanitary finish for the bathroom.

The design is a clever blend of both round and square profiles and it is available in both a brushed and a mirror polished finish.

While stainless steel has proved to be a timeless choice for the home Uno accessories offer today's contemporary modern bathroom both quality and wide-spread style appeal.

Toilet roll holder and toilet brush

Our toilet roll holders and toilet brush comes in several designs. Uno also offers a spare roll holder to attach next to the toilet.

The toilet brush is elegant and a good alternative to the traditional brushes made of plastic. There are two models, floor model and wall attached model.

The products are simple in a contemporary design, and fit into all types of bathrooms. The toilet roll holder and toilet brush are available in brushed and mirror polished steel.
