

FARMERS SILAFLEX

Description

FARMERS SILAFLEX is a coex 3 layer higher alpha olefine based polyethylene film specifically designed to meet the demanding needs of modern silage bale wrapping applications. All stretch films in the FARMERS range exhibit a good combination of medium stiffness with excellent impact tear and puncture resistance.

Technical Specification Data

Film Properties	Unit	Value For Standard Film Thickness		
		Test Method		25 μ m
Dart Impact	G	BS 2782 Method 352 E		200
Elmendorf Tear Strength	g		MD	530
			TD	470
Tensile Yield ²	MPA	BS EN ISO 527-3	MD	10
			TD	11
Ultimate Tensile Strength	MPA	BS EN ISO 527-3	MD	40
			TD	35
Ultimate Elongation ²	%	BS EN ISO 527-3	MD	570
	%		TD	780

¹ typical property, not to be construed as specification limits

² Crosshead speed 500 mm/min

- PACKAGING:** 750mm x 1500m x 25mu
Rolls wound on cardboard core, inside individual carton.
- PALLET:** 40 rolls per pallet
- COLOURS:** Light Green
- STRETCH:** Depending on the wrapper type, 70%
- BALES per ROLL:** On a 4 wrap basis, 30 bales per roll
