Please have binder organized **prior** to day 1 of school. Place dividers in binder labeling the tabs for each course for which you are enrolled. Place notebook paper behind each divider so when school starts you are **prepared** to start taking notes.

The only items that should be in your backpack will be your binder (with the pencil pouch holding supply items), when issued - your chromebook (with adaptor), and gym clothes. This will allow your backpack to fit inside the cubbies in the classrooms (backpacks not to be kept at desks). You will need to be **organized**.
