Launch of the FU Network

It is with great pleasure that I welcome you to the launch of the FU Network (FUN).

FUN promises to be one of Canada's most innovative and bold media networks that continues a long tradition of Canadian comedy and entertainment. Their use of new technology – including that of Canadian live broadcasting company Stage TEN – could change the way that many Canadians consume their media.

As we come together to celebrate the launch of FUN, let us also recognize the contributions of our creative community of Canadians since our Confederation 150 years ago. Our culture forms the backbone of our Canadian identity, and channels like FUN have an important role in supporting our talented artists and entertainers who help shape our modern culture.

Congratulations to all those who have worked so hard to ensure the successful launch of FUN. I wish you success in the coming months and years.
