

Culture of One

Honor Your Roots, Celebrate Your Present, Define You

We are composites of our origins, experiences, exposures and limits. We are people of different backgrounds, beliefs and influences. The different facets of our lives create our individual identity. Culture of One examines the intersection where the culture of origin meets with the notions of American individualism and aims to better look at the experiences that create one's present identity.

RAA calls on artists from all cultures tell us your story. Submissions are open to all media.

Honor your roots, celebrate your present, define you.
