WHO ARE THE CHILDREN?

The children who live at Baptist Children's Homes (BCH) are not strangers. They come to us from your community. They attend schools in your area. They are often your neighbors. In addition to offering care for these precious children, BCH also provides group homes for developmentally disabled adults, services for aging adults and an orphanage in Xela, Guatemala that cares for impoverished children.

WHY DO CHILDREN COME?

Family Crisis. Sometimes children come to BCH because of challenges within their family. We have the privilege of working with children and their families to help them overcome the specific issues that threaten to tear the family apart.

Abuse. Children also come because the adults in their lives have let them down. Far too often, boys and girls suffer abuse, neglect and abandonment at the hands of the adults they have trusted to love and care for them.

HOW ARE CHILDREN REFERRED?

Do you know a child or family who needs help overcoming the challenges they face? A referral to Baptist Children's Homes is not difficult or risky and it can be made by anyone. Children and families are referred by themselves, departments of social services, pastors, educators, juvenile services, concerned friends and family members. A referral can be as simple as a phone call or email. To refer a child or family, call 1-800-476-3669. You may also send an email to referral@bchfamily.org or visit our webpage at www.bchfamily.org/referral

How We Help Children & Families

Baptist Children's Homes provides a multitude of services to meet your family's specific needs...

Residential Care for children is provided throughout BCH's statewide locations. School-age boys and girls live with professionally-trained child care workers (houseparents) in a Christian, family environment. When the family is involved, BCH's case managers work with family members to help them identify and overcome their challenges.

Emergency Care is provided on each residential campus. It offers safe, immediate care for a child during a family crisis. Maximum length of stay is 60 days.

After Care is provided to a child and custodian after residential service.

Transitional Living helps older children learn the skills they need to live as independent adults once leaving BCH's care.

Foster Care is a service providing substitute residential care for a child over a planned period when his/her family or legal custodian cannot provide care. To be a foster family, visit www.bchfostercare.org

Family Care provides supportive group homes for hard-working single mothers and their children. Family Care helps mothers obtain stability so they can provide for their family.

Teen Mother and Baby Residential Care is a group home program providing care and parental education to teenage mothers and their babies. The home provides an on-site day care.

Residential Wilderness Camping is provided for boys and girls in a highly-structured, outdoor environment. Cameron Boys Camp and Camp Duncan for Girls give children and families an opportunity to overcome problems through a group process and alternative education program. The camps are licensed non-public schools. Visit www.cameronboyscamp.org and www.campduncanNC.org

All proceeds benefit BCH's ministries. Learn more at www.fancyfinds.org
